Cold Water Shielded Selected Poems:

Cold Water Shielded Salah Stétié, 2000 Soberly beautiful poems of the French Lebanese writer where Western culture merges with Oriental and Arabic traditions His writing has a swirling metaphysical dimension while never ceasing to root itself in earthy sensuous experience

Pacifist Invasions Yasser Elhariry, 2017 Pacifist Invasions is about what happens to the contemporary French lyric in the translingual Arabic context Drawing on lyric theory comparative poetics and linguistics it reveals three generic modes of translating Arabic poetics into French in works by Habib Tengour Algeria Edmond Jabès Egypt Salah Stétié Lebanon Abdelwahab Meddeb Tunisia and Ryoko Sekiguchi Japan

Paths to Contemporary French Literature John Taylor, 2017-07-05 The first volume of Paths to Contemporary French Literature offered a critical panorama of over fifty French writers and poets With this second volume John Taylor an American writer and critic who has lived in France for the past thirty years continues this ambitious and critically acclaimed project Praised for his independence curiosity intimate knowledge of European literature and his sharp reader's eye John Taylor is a writer critic who is naturally skeptical of literary fashions overnight reputations and readymade academic categories Charting the paths that have led to the most serious and stimulating contemporary French writing he casts light on several neglected postwar French authors all the while highlighting genuine mentors and invigorating newcomers Some names Patrick Chamoiseau Pascal Quignard Jean Philippe Toussaint Jean Rouaud Francis Ponge Aime Césaire Marguerite Yourcenar J M G Le Clezio may be familiar to the discriminating and inquisitive American reader but their work is incisively re-evaluated here The book also includes a moving remembrance of Nathalie Sarraute and an evocation of the author's meetings with Julien Gracq Other writers in this second volume are equally deserving authors whose work is highly respected by their peers in France yet little known in English speaking countries Taylor's pioneering elucidations in this respect are particularly valuable This second volume also examines a number of non-French originally non-French speaking writers such as Gherasim Luca Petr Kral Armen Lubin Venus Ghouria Khata Piotr Rawicz as well as Samuel Beckett who chose French as their literary idiom Taylor is in a perfect position to understand their motivations struggles and goals In a day and age when so little is known in English speaking countries about foreign literature and when so little is translated the two volumes of Paths to Contemporary French Literature are absorbed

Bois Dormant Gérard Macé, 2003 Gérard Macé's work challenges the barriers between poetry and the essay This play between and within genres is essential to his writing which has been called essay merveilleux and derives from a questioning of language in its broadest sense He is equally interested in the seductive musicality of words and in the remembered gestures which traced the hieroglyphs of Egypt and the calligraphic writing of the Far East His fascination with dictionaries grammars and glossaries leads him off on journeys in which the real and the

imaginary are fused but without being confused He slips between words like a marvelling child constantly hoping that one day the world might be read like an open book This edition brings together three series of prose poems *Le Jardin des langues* 1974 *Le balcon de Babel* 1977 and *Bois dormant* 1983 Other books by Mac have as their subject literary figures such as Rimbaud Corbi re Nerval and Champollion while *Rome et le firmament* and *Le on de chinois* evoke places heavily charged with culture and history Mac s other books include *Vies ant rieures* 1991 which takes up the relationship between memory and writing in the form of Lives as in the Lives of saints or illustrious men and *La m moire aime chasser dans le noir* 1993 which develops his fascination with the image the poetic image dream image and photographic image Timothy Mathews took over as G rard Mac s translator for this edition following the death of David Kelley who had started work on the book Jean Pierre Richard is one of Europe s foremost literary critics He has written not only on French poets but also on Stendhal Flaubert and Proust He has a wide following throughout Europe and the USA and is admired particularly for his approachable and sensuous accounts of French writers

Carnac Eugène Guillevic,1999 One of France s most important modern poets Eug ne Guillevic 1907 97 was born in Carnac in Brittany and although he never learned the Breton language his personality is deeply marked by his feeling of oneness with his homeland His poetry has a remarkable unity driven by his desire to use words to bridge a tragic gulf between man and a harsh and often apparently hostile natural environment For Guillevic the purpose of poetry is to arouse the sense of Being In this poetry of description where entire landscapes are built up from short intense texts language is reduced to its essentials as words are placed on the page like a dam against time When reading these poems it is as if time is being stopped for man to nd himself again Carnac 1961 marks the beginning of Guillevic s mature life as a poet A single poem in several parts it evokes the rocky sea bound un nished landscape of Brittany with its sacred objects and its great silent sense of waiting The texts are brief but have a grave meditative serenity as the poet seeks to effect balance and to help us to make friends with nature and to live in a universe which is chaotic and often frightening Introduction by Stephen Romer French English bilingual edition Bloodaxe Contemporary French Poets 9
