

Collapse Of The Soviet Union 1985 1991

David MacKenzie, Michael W. Curran

Collapse Of The Soviet Union 1985 1991:

The Collapse of the Soviet Union, 1985-1991 David R. Marples, 2016-09-17 Why did the Soviet Union collapse in 1991 The collapse of the Soviet Union has widely been seen as the result of the arms race and Cold War and the failure of the Soviet side to keep pace with new technology This book argues that the disintegration was mainly a result of two interrelated factors the rise of the Soviet national republics and the manipulation of the new Russian presidency by Boris Yeltsin in what became a direct power struggle between Yeltsin and the Soviet leader Gorbachev Written in a clear and accessible manner the book provides an explanation of how the national question came to dominate Soviet politics by 1990 1 analysis of the economic crisis that occurred in the late 1980s a chapter devoted to the year 1991 from the referendum to reform the Soviet Union to the unforeseen dissolution of the country by December a discussion of the personalities of and political confrontation between the two key statesman Gorbachev and Yeltsin Also containing a Chronology Glossary and Who's Who of key figures *The Collapse of the Soviet Union* is essential reading for students of twentieth century European history

Why Did the Soviet Union Collapse? Robert Strayer, 1998-05-18 Taking the Soviet collapse the most cataclysmic event of the recent past as a case study this text engages students in the exercise of historical analysis interpretation and explanation In exploring the question posed by the title the author introduces and applies such organizing concepts as great power conflict imperial decline revolution ethnic conflict colonialism economic development totalitarian ideology and transition to democracy in a most accessible way Questions and controversies and extracts from documentary and literary sources anchor the text at key points This book is intended for use in history and political science courses on the Soviet Union or more generally on the 20th century

Collapse Vladislav M. Zubok, 2021-11-30 A major study of the collapse of the Soviet Union showing how Gorbachev's misguided reforms led to its demise A deeply informed account of how the Soviet Union fell apart Rodric Braithwaite Financial Times A masterly analysis Joshua Rubenstein Wall Street Journal In 1945 the Soviet Union controlled half of Europe and was a founding member of the United Nations By 1991 it had an army four million strong with five thousand nuclear tipped missiles and was the second biggest producer of oil in the world But soon afterward the union sank into an economic crisis and was torn apart by nationalist separatism Its collapse was one of the seismic shifts of the twentieth century Thirty years on Vladislav Zubok offers a major reinterpretation of the final years of the USSR refuting the notion that the breakup of the Soviet order was inevitable Instead Zubok reveals how Gorbachev's misguided reforms intended to modernize and democratize the Soviet Union deprived the government of resources and empowered separatism *Collapse* sheds new light on Russian democratic populism the Baltic struggle for independence the crisis of Soviet finances and the fragility of authoritarian state power

Russia in the Twentieth Century David R. Marples, 2014-01-14 The history of Russia as the natural successor to the Soviet Union is of crucial importance to understanding why communism ultimately lost out to Western democracy and the free market system David Marples presents a balanced overview of 20th

century Russian history and shows that although contemporary Russia has retained many of the practices and memories of the Soviet period it is not about to revert back to the Soviet example

The Collapse of the Soviet Union Paul A. Winters, 1999 A collection of 21 brief essays most by U S writers chronicles the disintegration of the Soviet empire from the reforms of the 1980s to the dramatic events of 1991 with projections for the future of the newly independent states

A History Of Russia Volume 2 Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world

The Dissolution of the Soviet Union Myra Immell, 2010 From the Back Cover How an event is remembered depends on the people who record it The broadest possible understanding of history comes from exploring multiple perspectives from different time periods different cultures different ideologies The Perspectives on Modern World History series provides multiple views of momentous events in recent history Using primary and secondary sources each volume provides background information on a significant event in modern world history presents the controversies surrounding the event and offers first person narratives from people who lived through or were impacted by the event All volumes in the series include an annotated table of contents a chronology a bibliography and a subject index For students and other researchers Perspectives on Modern World History helps develop critical thinking skills increases global awareness and enhances and understanding of international perspectives about historic events

The War that Never was David Pryce-Jones, 1995 The collapse of the Soviet Union was one of the great determining moments of history An empire dissolved and with it Communism the creed which had sustained the projection of Soviet power Confrontation civil war even nuclear apocalypse seemed more likely than the abdication and surrender which in fact unfolded Mikhail Gorbachev was the General Secretary who presided over the last years of the empire and the Party What had begun as reform turned into the ruin of everything he had stood for all his life Germany was reunited and the Baltic states recovered their independence With the exception of Romania opposition governments replaced the Communists through processes of negotiation and election in one Soviet satellite after another The Cold War melted away

A Companion to Russian History Abbott Gleason, 2014-01-28 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day Includes essays by both prominent and emerging scholars from Russia Great Britain the US and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs through the Yeltsin Era and future prospects for post Soviet Russia Offers an extensive review of the medieval period religion culture and the experiences of ordinary people Offers a balanced review of both traditional and cutting edge topics demonstrating the range and dynamism of the field

Youth in Regime

Crisis Félix Krawatzek, 2018-09-20 How do political regimes respond to the challenges emanating from youth mobilization This book seeks to understand regime resilience and breakdown by analysing the public meaning of youth as well as the physical mobilization of young people Mobilization carried by young people is a key component in understanding the stabilisation of the authoritarian regime structures in contemporary Russia but the Russian experience makes only sense if placed in its broader historical context Three comparative cases the breakdown of the authoritarian Soviet Union the breakdown of the democratic Weimar Republic and the crisis of the democratic regime in France around 1968 highlight how regimes which lacked popular support have compensated for their insufficient legitimacy by trying to mobilize youth symbolically and politically This book illustrates the symbolic significance of youth and its role in regime crisis by analysing a new data set of newspaper articles with a new method of discourse analysis The combination of qualitative interpretation and quantitative network analysis enables a deeper and more systematic understanding of discursive structures about youth Through this methodological innovation the book contributes to the way we define the categories of youth generation and crisis It makes the case that our conceptualisation should reflect the way terms are being used usages that can be captured in a systematic way with new methods of discourse analysis Oxford Studies in Democratization is a series for scholars and students of comparative politics and related disciplines Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war The geographical focus of the series is primarily Latin America the Caribbean Southern and Eastern Europe and relevant experiences in Africa and Asia The series editor is Laurence Whitehead Senior Research Fellow Nuffield College University of Oxford

A History of Russia, the Soviet Union, and Beyond David MacKenzie, Michael W. Curran, 1999 In this revision of their best selling text MacKenzie and Curran present a clear and objective account of the history of Russians and other eastern Slavs from its beginnings in ancient Rus to the demise of the Soviet Union and most recently the Putin presidency Acclaimed in the field for its clarity comprehensiveness and accuracy the text balances social cultural history with political history The authors approach weaves the external geographic determinism of the Eurasian school and the organic inner oriented approach of Russian historians

Collapse of an Empire Egor Timurovich Gaïdar, 2007-11-02 The USSR sowed the seeds of its own economic destruction The author uses world history the Soviet experience and economic analysis to demonstrate why swimming against this tide of history would be a huge mistake

The Collapse of a Single-Party System Graeme J. Gill, 1994-10-13 This 1994 book traces the disintegration of the Communist Party of the Soviet Union from 1985 to December 1991

A History of Russia: Since 1855 Walter G. Moss, 1997

Japanese-Russian Relations Under Gorbachev and Yeltsin Hiroshi Kimura, 2016-07-08 Why has the stalemate in Japanese Russian relations persisted through the end of the Cold War and Moscow s weakening control over its far eastern territories In this volume Kimura continues his comprehensive analysis of Russia and Japan s strained and unstable relations to the present day

Comrades No More Renee De Nevers, 2003-06-20 In 1989 Soviet

control over Eastern Europe ended when the communist regimes of the Warsaw Pact collapsed. These momentous and largely bloodless events set the stage for the end of the Cold War and ushered in a new era in international politics. Why did communism collapse relatively peacefully in Eastern Europe? Why did these changes occur in 1989 after more than four decades of communist rule? Why did this upheaval happen almost simultaneously in most of the Warsaw Pact? In *Comrades No More*, Renee de Nevers examines how internal and external factors interacted in the collapse of East European communism. She argues that Gorbachev's reforms in the Soviet Union were necessary to start the process of political change in Eastern Europe but domestic factors in each communist state determined when and how each country abandoned communism. A demonstration effect emerged as Hungary and Poland introduced reforms and showed that Moscow would not intervene to prevent political and economic changes. De Nevers analyzes the process of change in Hungary, Poland, Bulgaria, the German Democratic Republic, Czechoslovakia, and Romania. She traces the pattern of reform in each country and shows how these patterns influenced their postcommunist political evolution.

Russia and the USSR in the Twentieth Century David MacKenzie, Michael W. Curran, 2002. In this revision of their best-selling text, MacKenzie and Curran present a succinct, updated history from the later imperial tsarist regime to the current Russia. Acclaimed in the field for its clarity, comprehensiveness, and accuracy, the text balances social and cultural history with political history through the Putin presidency and offers Russian as well as post-Soviet views of Russian history.

The Rise and Fall of the Soviet Union John R. Matthews, 2000. Discusses the history of the Soviet Union from the revolution of 1917 through the Lenin and Stalin eras and the rule of such leaders as Khrushchev, Brezhnev, and Gorbachev up to the formal dissolution of the Soviet Union in 1991.

Kogipoly Journal, 2003. **A History of Russia** Catherine Evtuhov, Richard Stites, 2004. *A History of Russia: Peoples, Legends, Events, Forces* is a comprehensive narrative conceived and developed after the collapse of the former Soviet Union. Informed by the burgeoning historiography of the 1990s, the text balances political and economic explorations of everyday life, social roles, cultural dynamics, and gender issues. Many texts on this subject are written from a pre-Confederation point of view that may be unsuitable for today's classroom. This text provides strong coverage of 20th-century Russia and the U.S.S.R. without sacrificing its coverage of earlier historical periods.

Eventually, you will agreed discover a new experience and success by spending more cash. nevertheless when? pull off you say yes that you require to get those every needs behind having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to comprehend even more on the globe, experience, some places, bearing in mind history, amusement, and a lot more?
