Creative Action Methods In Group:

Creative Action Methods in Supervision and Coaching Anna Chesner, Céline Butté, Bryn Jones, 2026-01-30 *Creative Action Methods in Supervision and Coaching* provides an accessible yet informative introduction to the key philosophy theories and techniques for effective creative supervision practice Co authored by three experienced creative supervisors this book investigates and answers key questions such as What are action methods and Why use creativity in supervision to highlight how creative supervision works and why it matters Guidance on best practice is supported by key research and theory within the field and demonstrated in practice by insights from supervisee contributors throughout Divided into three distinct parts chapters cover An introduction to action methods in supervision The application of creative techniques to supervision practice highlighting adaptations to methods for groups or individuals and in person or online Supervision beyond the clinic including non clinical supervision with educators and creatives and guidance for supervision practice outdoors This book is a core reference for trained supervisors who are wishing to inject a more creative approach into their work and for those undertaking a training in clinical and process supervision who have an interest in embodied and creative interventions

Creative Actions and Organizations Simone D'Alessandro, 2020-12-09 This book details a 15 year theoretical and practical research study that destroys the clichés of creative processes and inaugurates a reflective sociology on serendipity In today's highly innovative organizations creative processes are proceduralized in the form of techniques and give rise to routine phenomena This text hybridizes paradigms such as Donati's relational sociology the Luhmanian systemic approach Von Foerster's radical constructivism Sennett's ideas on the craftsman the ideas of Wittgenstein and Searle on language and the ideas of Dummett and Goedel on logic as well as Hofstadter's on artificial intelligence Drawing on over 600 works including essays and articles the currents of thought of scholars who have dealt with the topic are identified here The 200 techniques surveyed present common elements such as common meta rules of opposition combination and separation that determine creative behavior and are triggered by a recursive but paradoxical relationship between thought and language

Facilitating Collective Intelligence Chantal Nève-Hanquet, Agathe Crespel, 2019-08-19 Chantal Nève Hanquet and Agathe Crespel provide an accessible and ground breaking guide to genuinely effective group work sharing excellent hands on assistance for coaches and facilitators Offering a unique selection of guidelines and illustrations for group work the authors demonstrate the benefits of using creative action methods in practice helping leaders discover new ways to achieve dynamic group sessions and endowing their work with new vigour as well as pleasure *Facilitating Collective Intelligence* brings together a wealth of knowledge and techniques from psychodrama Jungian and systemic analysis to inform group facilitation Throughout the book's four parts key inner attitudes questions and action techniques are explored to help facilitators nourish open and flexible forms of communication within groups stimulate collective intelligence and foster creative approaches to collective problem solving With the help of numerous sensitively related case studies the book guides

the reader through the process of achieving more dynamism in group work fostering creativity encouraging agility and developing co construction within groups It contains more than thirty practical reference sheets which provide an instant aid for implementing the methods and models in the book N ve Hanquet and Crespel s approach advocates the use of actions methods specifically the ARC model to encourage out of the box thinking and develop new paths and strategies in working with teams and organizations Facilitating Collective Intelligence is an invaluable and essential tool in cultivating effective group dynamics for all coaches coach supervisors and consultants both experienced and in training Due to its clear and practical structure it will also be useful for counsellors coaching psychologists and other professionals who work with groups as well as students and academics of coaching and coaching psychology
