Creative Bible Teaching Lawrence O. Richards, Gary J. Bredfeldt, 1998-03-01 Are you a bridge builder Communicating the Scriptures is much like building a bridge However instead of ravines or rivers the teacher must span both cultural boundaries and great gulfs of time between the present and the past of Moses David Jesus and Paul This bridge must reach even further The student must be able to cross both into the past and into his own future God s Word is living and active sharper than any double edged sword Hebrews 4 12 It is contemporary relevant But it is the teacher who has the task of helping the student to see its vast treasures This is no easy task but it can be done through creative Bible teaching Together Richards and Bredfeldt have written a book on bridge building that reveals the following five step process by which Christian educators can construct a bridge across time geography and culture Step I Studying the Bible Develop an understanding of the nature role study and interpretation of the Bible Get the help you need in preparing biblically accurate lesson plans Step II Focusing the Message Learn how to teach for student learning Be guided in the process of translating learning theory into lesson preparation Step III Structuring the Lesson Develop a lesson plan using the HOOK BOOK LOOK TOOK structure Step IV Teaching the Class Learn about the five key principles of teacher effectiveness Discover how these principles can lead to a more dynamic and satisfying teaching experience within various age groups Step V Evaluating the Results Evaluate your own effectiveness by assessing the outcome of your teaching Creative Bible Teaching Larry Richards, 1973 Though most conservative evangelicals hold to the belief that the Bible is the Word of God in propositional form Mr Richards regrettably observes that this conviction has not preserved us from communicating Bible truths inadequately and at times wrongly It is with the sole desire he continues that God s life changing truth might be taught in a life changing way that I submit this book Creative Bible Teaching presents the Christian educator with insights into the theory and practice of Bible teaching It also strives to give the lay teacher practical ways to improve and update his teaching Mr Richards reaches both of these groups in three separate yet integrated sections Creative Bible Teaching is a comprehensive encyclopedia to the basis approach and methods of Bible teaching Bible teaching that will communicate God s Word in a contemporary relevant manner Jacket flap

One of the significant advantages of Creative Bible Teaching books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals.
