A Place Called Baca:

A Place Called Baca Ike Osteen, 1979 **House documents** ,1884 **A Moment with God** Dr. Travis S. Holmes, 2016-06-30 This book is written to help shape form and foster a personal relationship with the Lord Jesus Christ Through spending quality time with our Savior and Lord it is how and why the believer grows and develops a personal solid sound and strong relationship Relationships are built and develop from spending quality time with the person who you love the most If a person truly loves God He she will spend that quality time with Him Someone stated Time is money and losing time is losing money The blessings will not flourish or multiply unless the individual spends quality and meaningful time with the Lord and Savior Jesus Christ The fact of the matter is that Lord Jesus Christ is the Blessor and a person should have a need desire and want to spend time with the one who blesses him her Spending quality time with the Lord Jesus Christ is dedicating and committing to worship prayer and studying His word It is not about reading or quoting scriptures but mediating and fellowship with Him Having A Moment with God is about spending a committed and dedicated time with the Lord Jesus Christ on a daily and consistent continuous and constant basis Psalm 1 2 But his delight is in the law of the Lord and in his law doth he mediate day and night A Moment with God is about delighting which indicates that a person must spend time cleave and commit to worship prayer and mediating on His word There is no secret to knowing loving and worshipping God because these things happen when a person abides in Him and He abides in him her John 15 7 If ye abide in me and my words abide in you ye shall ask what ye will and it shall be done unto you The word abide means to set up residence or dwelling in the midst of Through spending A Moment with God it is asking requesting and praying for the ultimate worship fellowship and praise to take course which is the ultimate resolution of God dwelling in the midst of This is when a person knows that God is doing more than listening and answering prayers she is actually dwelling within the person Hopefully through this book A Moment with God Devotional Book the individual will develop learn and gather principles and concepts of significance value for spending quality time with God that will develop and foster a productive and positive relationship that will yield results This is my prayer and hope *Decisions of the Department of the Interior and the General Land Office in Cases Relating to the Public Lands* United States. Department of the Interior, 1900 *Senate documents* ,1888 **"The" Psalms** Arthur Charles Jennings, 1877 *The Spanish Archives of New Mexico* Ralph Emerson Twitchell, 1914 In what follows can be found the doors to a house of words and stories This house of words and stories is the Archive of New Mexico and the doors are each of the documents contained within it Like any house New Mexico's archive has a tale of its own origin and a complex history Although its walls have changed many times its doors and the encounters with those doors hold stories known and told and others not yet revealed In the Archives there are thousands of doors 4 481 that open to a time of kings and popes of inquisition and revolution These archives writes Ralph Emerson Twitchell are by far the most valuable and interesting of any in the Southwest Many of these documents were given a number by Twitchell small

stickers that were appended to the first page of each document an act of heresy to archivists and yet these stickers have now become part of the artifact These are the doors that Ralph Emerson Twitchell opened at the dawn of the 20th century with a key that has served scholars policy makers and activists for generations In 1914 Twitchell published in two volumes *The Spanish Archives of New Mexico* the first calendar and guide to the documents from the Spanish colonial period Volume One of the two volumes focuses on the collection known as the Spanish Archives of New Mexico Series I or SANM I an appellation granted because of Twitchell's original compilation and description of the 1 384 documents identified in the first volume of his series *The Spanish Archives of New Mexico* was assembled by the Surveyor General of New Mexico 1854 1891 and the Court of Private Land Claims 1891 1904 The collection consists of civil land records of the Spanish period governments of New Mexico and materials created by the Surveyor General and Court of Private Land Claims during the process of adjudication It includes the original Spanish colonial petitions for land grants land conveyances wills mine registers records books journals dockets reports minutes letters and a variety of other legal documents Each of these documents tell a story sometimes many stories The bulk of the records accentuate the amazingly dynamic nature of land grant and settlement policies While the documents reveal the broad sweep of community settlement and its reverse effect hundreds of last wills and testaments are included in these records that are scripted in the most eloquent and spiritual tone at the passing of individuals into death These testaments also reveal a legacy of what colonists owned and bequeathed to the next generations Most of the documents are about the geographic political and cultural mapping of New Mexico but many reflect the stories of that which is owned both in terms of commodities and human lives Archives inevitably and these archives more than most help to shape current debates about dispossession the colonial past and the postcolonial future of New Mexico For this reason the task of understanding the role of archives archival documents and the kinds of stories that emanate from them has never been more urgent Let this effort and the key provided by Twitchell in his two volumes open the doors wide for knowledge to be useful today and tomorrow
