

## Choosing Point of View

- **First Person POV:** can fool a reader into trusting narrator when the narrator is not a reliable reporter.  
(mysteries, recounted tales, and fictional confessionals)
- **Second Person POV:** good for simple, direct storytelling.  
(children, recipes, assembly instructions and the like)
- **Third Person POV:** creates the most distance between events and the reader. It is almost always seen as a reliable, neutral viewpoint.

# A Point Of View
