A Set For Edwin Honig:

A Set for Edwin Honig Hugo Leckey,1973-01-01 **Contemporary American Poetry** Lloyd M. Davis,1985 Lists over 5 200 titles of books published by American poets between 1973 and 1983 Allegorical Form and Theory in Hildegard of Bingen's Books of Visions Dinah Wouters,2022-12-05 This book analyses how the three books of visions by Hildegard of Bingen use the allegorical vision as a form of knowledge It describes how the visionary s use of allegory and allegorical exegesis is linked to theories of cognition interpretation and prophecy It argues that the form of the allegorical vision is not just the product of a medieval symbolic mentality but specific to Hildegard s position and the major transformations taking place in the prescholastic intellectual milieu such as the changing use of Scripture or the shift from traditional hermeneutics to cognitive language philosophy The book shows that Hildegard uses traditional forms of knowledge prophecy the vision monastic theology allegorical hermeneutics in startlingly innovative ways by combining them and by revising them for her own time **Cervantes; a Collection of Critical Essays** Lowry Nelson,1969 Critical essays about Miguel de Cervantes and his creation Don Quijote Alternatives in Print, 77-78 Social Res American Library Associat,1977-02 Fantasy Adam Roberts,2025-04-24 One of the most popular genres of modern times fantasy literature has as rich a cultural and literary heritage as the magical worlds that so enrapture its readers In this book a concise history of the genre Adam Roberts traces the central forms and influences on fantasy through the centuries to arrive at our understanding of the fantastic today Pinning the evolution of fantasy on three key moments the 19th century resurgence of interest in Arthurian legend the rise of Christian allegory and a post Ossian post Grimm emergence of a Norse Germanic and Old English mythic identity Roberts explores how the logic of the fantastical feeds through into the sets and trappings of modern fantasy Tracking the creation of heroic and high fantasy subgenres through antiquarian tradition through C S Lewis and J R R Tolkien and into the post Tolkien boom in genre fantasy writing the book brings the manifestation of the fantastic beyond literature into art music film and TV video games and other cultural productions such as fandoms From Tennyson and Wagner through Robert Graves David Jones Samuel Delany Dungeons and Dragons Terry Pratchett and Robin Hobb to the Game of Thrones Skyrim The Witcher and The Lord of the Rings media franchises the book digs into the global dissemination and diversity of 21st century fantasy Accessible and dynamic wide ranging but comprehensive this is a crash course in context for the most imaginative form of storytelling Small Press Record of Books in Print Len Fulton,1980 The Fiction of Truth Carolynn Van Dyke,2019-06-30 The Fiction of Truth offers a rigorous reexamination of allegory Rejecting the traditional notion that allegory says thing and means another Carolynn Van Dyke proposes a new definition of the genre derived both from contemporary critical theory and from the practice of medieval and Renaissance allegorists Allegories Van Dyke asserts differ from other kinds of narrative in the syntactic rules that seem to generate their plots Through a reading of Prudentius Psychomachia the earliest allegory Van Dyke formulates a semiotic code that she finds implicit in allegorical works She

shows how allegorists adopted and altered that code in such works as *The Romance of the Rose* medieval morality plays *The Pilgrim's Progress* *The Divine Comedy* and *The Faerie Queene* Her book is both a bold theoretical examination of allegory and a history of its evolution over the twelve centuries during which it played a major even a dominant role in Western literature [Alternatives in Print](#) ,1977 **The Parables** Dan O. Via,2007-01-01 Via's book signals a major shift in the study of parables Via's theory of the parables what they are and how they work is different from every theory that preceded him and his reviewers noted the uniqueness of his approach Charles W Hedrick author of *Many Things in Parables* Jesus and His Modern Critics Beginning in the 1960s scholarship on the parables became an American enterprise and has remained such Robert Funk and Dan Via independently of each other instigated a new approach to the parables that was as revolutionary as Julicher's rejection of allegory Bernard Brandon Scott author of *Re-Imagine the World* An Introduction to the Parables of Jesus Via's integration of a literary dimension into some sophisticated theological interpretation represents one of the more significant theoretical advances in recent biblical interpretation Robert Morgan author with John Barton of *Biblical Interpretation* The main purpose of this book is to interpret the parables in dialogue with aesthetic and non-biblical literary critical thought and by means of an existentialist hermeneutic Its excitement and this is an exciting book comes from the fact that the author brings to his task qualifications that are rare among interpreters of the parables Moreover these qualifications are probably attainable only in an academic theological situation which is peculiarly American and this book may therefore represent a wholly new and characteristically American kind of biblical scholarship Norman Perrin author of *Parable and Gospel* The relation of this book to the demythologizing program and to the new quest of the historical Jesus will be obvious and granting its presuppositions it is a distinguished contribution to both It is executed with wide learning in the fields of biblical scholarship aesthetic literary criticism and existentialist hermeneutics Reginald H Fuller author with Daniel Westberg of *Preaching the Lectionary* *The Word of God for the Church Today* **Dictionary Catalog of the Harris Collection of American Poetry and Plays, Brown University Library, Providence, Rhode Island** Brown University. Library,1972 **The Language of Allegory** Maureen Quilligan,1992 *The Language of Allegory* examines a body of literature not often treated as a unified genre Reading a number of texts that are traditionally characterized as allegories and that cover a wide time span Maureen Quilligan identifies the distinctive generic elements they share Originally published in 1979 this highly regarded work by a well known feminist critic and theorist is now available in paperback back book cover [The Lances of Lynwood](#) Charlotte Mary Yonge,1974 [The Publishers Weekly](#) ,1972 **Small Press Record of Books** ,1973 **Modern Poetry Studies** ,1976 **Books at Brown** ,1966 **Books in Print** ,1994 *The Presence of Pessoa* George Monteiro,2014-10-17 Fernando Pessoa 1888-1935 is perhaps the most engaging of the great Western modernists of this century Born in Portugal but raised and educated in southern Africa Pessoa wrote poetry fiction and nonfiction George Monteiro provides refreshingly new interpretations of Pessoa's *Mensagem* Message and the modernist novella *O Banqueiro*

Anarquista The Anarchist Banker But he is primarily interested in tracing Pessoa's influence on a wide range of contemporary writers Among those Monteiro finds putting Pessoa's work to their own surprising and sometimes comic uses are Joyce Carol Oates Allen Ginsberg John Wain Lawrence Ferlinghetti and earlier poets including Thomas Merton Edouard Roditi and Roy Campbell In addition the complete text of Campbell's pioneering biocritical study of Pessoa is published here for the first time The Western Humanities Review ,1974
