A Positivist Primer David Goodman Croly, 1871 *The Positivist Review*, 1903 *Weltschmerz* Frederick C. Beiser, 2016-04-29 *Weltschmerz* is a study of the pessimism that dominated German philosophy in the second half of the nineteenth century Pessimism was essentially the theory that life is not worth living This theory was introduced into German philosophy by Schopenhauer whose philosophy became very fashionable in the 1860s Frederick C Beiser examines the intense and long controversy that arose from Schopenhauer's pessimism which changed the agenda of philosophy in Germany away from the logic of the sciences and toward an examination of the value of life He examines the major defenders of pessimism Philipp Mainländer Eduard von Hartmann and Julius Bahnsen and its chief critics especially Eugen Dühring and the neo Kantians The pessimism dispute of the second half of the century has been largely ignored in secondary literature and this book is a first attempt since the 1880s to re-examine it and to analyze the important philosophical issues raised by it The dispute concerned the most fundamental philosophical issue of them all whether life is worth living Positivist review, 1895 The Fortnightly, 1885 The Reflection of Positivism in English Literature to 1880 Garreta Helen Busey, 1924
