A Sampler Of British Folk Tales:

British Folk Tales and Legends ,2004-01-14 In 1970 Katharine Briggs published in four volumes the vast and authoritative Dictionary of British Folktales and Legends to wide acclaim This sampler comprises the very best of those tales and legends Gathered within readers will find an extravagance of beautiful princesses and stout stable boys sour faced witches and kings with hearts of gold Each tale is a masterpiece of storytelling from the hilarious Three Sillies to the delightfully macabre Sammler s Ghost *British Folk Tales and Legends* Katharine Mary Briggs,1977 *British Folk-tales* Katharine Mary Briggs,1980 *British Folk Tales and Legends* Katharine Mary Briggs,1977 *The Watkins Book of English Folktales* Neil Philip,2022-10-11 This is a golden treasury of over one hundred English folktales captured in the form they were first collected in past centuries Read these classic tales as they would have been told when storytelling was a living art when the audience believed in boggarts and hobgoblins local witches and will o the wisps ghosts and giants cunning foxes and royal frogs Find Jack the Giantkiller Tom Tit Tot and other quintessentially English favourites alongside interesting borrowings such as an English version of the Grimms Little Snow White as well as bedtime frighteners including Captain Murderer as told to Charles Dickens by his childhood nurse Neil Philip has provided a full introduction and source notes on each story that illustrate each tale s journey from mouth to page and what has happened to them on the way These tales rank among the finest English short stories of all time in their richness of metaphor and plot and their great verbal dash and daring **Folktales of Newfoundland Pbdirect** J.D.A. Widdowson,Herbert Halpert,2015-02-20 This collection of Newfoundland folk narratives first published in 1996 grew out of extensive fieldwork in folk culture in the province The intention was to collect as broad a spectrum of traditional material as possible and Folktales of Newfoundland is notable not only for the number and quality of its narratives but also for the format in which they are presented A special transcription system conveys to the reader the accents and rhythms of each performance and the endnote to each tale features an analysis of the narrator s language In addition Newfoundland has preserved many aspects of English and Irish folk tradition some of which are no longer active in the countries of their origin Working from the premise that traditions virtually unknown in England might still survive in active form in Newfoundland the researchers set out to discover if this was in fact the case
