A Seal Called Andre:

A Seal Called Andre Harry Goodridge, Lew Dietz, 2014-10-07 Tells the true story of the unique human animal friendship between Harry Goodridge and Andre the harbor seal who was as comfortable in Goodridge's home as he was in Penobscot Bay Andre swims with Harry and rides happily in the back seat of Harry's car He quickly picked up tricks perhaps the first time a wild animal has been trained in a free release situation He became Rockport Maine's honorary harbormaster and was ranked second only to Andrew Wyeth as the state's most acclaimed summer resident Year after year Andre swam south in the winter only to return again to Harry the next spring It's a timeless and iconic Maine story *A Seal Called Andre* Harry Goodridge, Lew Dietz, 1980-12-01

Thousands of visitors to Rockport Maine saw Andre perform the tricks Harry taught him Here is the whole story this book was the inspiration for Andre a 1994 feature movie [Andre the Famous Harbor Seal](#) Fran Hodgkins, 2003-01-01 Sometimes just sometimes a human being and a wild animal make a special connection that changes both of their lives So it was with Rockport Maine's Harry Goodridge and the harbor seal pup he named Andre The two became inseparable though the seal was free to come and go as he pleased His floating enclosure in the harbor simply minimized his presence in skiffs owned by yachtsmen who complained about his sunbathing in their dinghies **A Year**

with the Seals Alix Morris, 2025-07-15 Environmental journalist Alix Morris spends an eye opening year getting to know these elusive intelligent creatures investigating the effects of their extraordinary return from the brink of extinction and how we can try to bring nature back into balance It might be their large strangely human eyes or their dog like playfulness but seals have long captured people's interest and affection making them the perfect candidate for an environmental cause as well as the subject of decades of study Alix Morris spends a year with these magnetic creatures and brings them to life on the page season by season as she learns about their intelligence their relationships with each other their ecosystems and the changing climate Morris also gets to know all of the competing interests in the intense debate about the newly recovered seal populations in our coastal waters from local fishermen whose catch is often diminished by savvy seals to tribes who once relied on seal hunting for food clothing and medicine to seal rescue workers and biologists to surfers and swimmers now encountering seal hunting sharks in coastal waters *A Year with the Seals* is a rare look at what happens when conservation efforts actually work and how human tampering with ecosystems continues to have unexpected consequences But it's also a gripping adventure story of a journalist determined to understand seals and our relationship with them for herself
