Livermore,2015-07-06 Excerpt from A History of Block Island Its Discovery in 1514 to the Present Time 1876 If any object to the title of this book on the ground of its containing the facts of history rather than history itself our apology is that history is believed to be in the facts here presented and that it will be better understood by those of limited culture than it would be if presented in the language of those who would fuse the facts into the philosophy of history These facts have been gathered up hastily and many of them snatched from the verge of oblivion amid pressing duties of another character They are here compiled for the pleasure and benefit of present readers and for the use of some future historian who may pass them through his mental crucible and bring out the golden current to the satisfaction of those who make the nice distinction between history and the facts of history But in the meantime let not the mint despise the mineral or the miner As for style the writer has aimed at one point and endeavored to shun another Though in doing the first he has sacrificed the ornate for the naked this has been done with the conviction expressed by Bacon thus This nakedness as once that of the body is the companion of innocence and simplicity In doing the second he has hoped to shun what the same great philosopher calls the first distemper of learning when men study words and not matter Therefore those who read this book simply for the ornaments of language will be disappointed About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition
