their control over Germany's capital. By cutting off all access via roads, rail, and water, the Soviets hoped to force the Allies out, and at the same time, Stalin's action would force a tense showdown that would test their mettle. As the success of the Berlin Airlift became clear, the Soviets realized the blockade was ineffective, and both sides were able to save face by negotiating an end to the blockade in April 1949, with the Soviets ending it officially on May 12. The Airlift would technically continue until September, but for all intents and purposes, the first crisis of the Cold War had come to an end, and most importantly, the confrontation remained cold. After the Soviets' blockade of West Berlin was prevented by the Berlin Airlift, the Eastern Bloc and the Western powers continued to control different sections of the city, and by the 1960s, East Germany was pushing for a solution to the problem of an enclave of freedom within its borders. West Berlin was a haven for highly educated East Germans who wanted freedom and a better life in the West, and this brain drain was threatening the survival of the East German economy. In order to stop this access to the West through West Berlin, it had to be cut off, so in August 1961, Soviet Premier Nikita Khrushchev authorized East German leader Walter Ulbricht to begin construction of what would become known as the Berlin Wall. The wall, begun on Sunday, August 13, would eventually surround the city in spite of global condemnation, and the Berlin Wall itself would become the symbol for Communist repression in the Eastern Bloc. It also ended Khrushchev's attempts to conclude a peace treaty among the Four Powers: the Soviets, the Americans, the United Kingdom, and France, and the two German states. The fall of the Berlin Wall is often considered the end of the Cold War, and the following month, both President Bush and Gorbachev declared the Cold War over, but the Cold War had been thawing for most of the 1980s. President Reagan is remembered for calling the Soviet Union an evil empire and demanding that Gorbachev tear down the wall, but he spent the last several years of his presidency working with the Soviet leader to improve relations. The end of the Soviet Union came when Gorbachev resigned on December 25, 1991. The Soviet Union formally dissolved the next day, and the Cold War was over, with the United States outlasting its long-time adversary. The Berlin Airlift and Berlin Wall: The History and Legacy of the Fight Over the Occupied City during the Cold War chronicles the history that led to the Soviet blockade, the famous relief efforts undertaken to beat it, and the construction of the 20th century's most notorious wall.
