Special Operations Success James D. Kiras,2024-10-24 Special Operations Success establishes a new benchmark in military theory in this deeply analytic and innovative work It answers several pressing questions How successful have American special operations been over the past quarter century Are special forces fated to cycles of expansion and misuse Will special forces invariably exceed the authorities granted to them because of they are Is a general theory of special operations feasible given the range of activities and conditions that fall under the category Kiras work is based on two decades of practical teaching and consulting experience within different special operations communities and its analysis and conclusions are designed to inform practitioners policymakers educators and the general public The book develops a framework in the form of a theory comprising capabilities and control for the comprehensively evaluating special operations success and is divided into three parts Part I lays the foundation for a general theory of special operations Part II explores the two component parts of theory capabilities and control and Part III uses various aspects of the theory depending on available information to assess the success of special operations over a twenty year period in the United Kingdom South Africa and the United States

Lindell's List Peter Hore,2016-09-05 Already a decorated heroine of the First World War British born Mary Lindell

Comtesse de Milleville was one of the most colourful and courageous agents of the Second World War yet her story has almost been forgotten. Evoking the spirit of Edith Cavell and taking the German occupation of Paris in 1940 as a personal affront she led an escape line for patriotic Frenchmen and British soldiers. After imprisonment, escape to England, a secret return to France and another arrest she began to witness the horrors of German-run prisons and concentration camps. In April 1945 a score of British and American women emerged from the Women's Hell Ravensbrück concentration camp who had been kept alive by the willpower and the strength of one woman, Mary Lindell. She combined a passion for adventure with blunt speech and persistently displayed the greatest personal bravery in the face of great adversity. To counter German claims that they had no British or American prisoners, Mary smuggled out a plea for rescue and produced her list from her pinafore pocket, compiled in secret from the camp records. This vital list contained the names of captured women, many of whom were agents of British Military Intelligence, the Special Operations Executive or the French Resistance. Poignantly supported by first-hand testimony, Lindell's List tells the moving story of Mary Lindell's heroic leadership and the endurance of a group of women who defied the Nazis in the Second World War. [The Next Moon](#) Andre Hue, Ewen

Southby-Tailyour, 2009-08-06 Andre Hue was a daredevil. By the age of twenty the Anglo-Frenchman had survived shipwreck and years undercover in France, sabotaging German supply lines. Returning to Britain he was recruited by SOE to parachute behind enemy lines on 5 June 1944 to unite resistance forces in Brittany and paralyse local German troops during the Allied invasion. Though Hue's mission was fraught with difficulty, he missed his landing site, his secret base camp became the site of a pitched battle and a band of Cossacks tried to hunt him down. He knew that thousands of lives depended on his success or failure. *The British National Bibliography* Arthur James Wells, 1998 **Churchill's Ministry of Ungentlemanly**

Warfare Giles Milton, 2017-02-07 Six gentlemen, one goal: the destruction of Hitler's war machine. In the spring of 1939 a top secret organization was founded in London; its purpose was to plot the destruction of Hitler's war machine through spectacular acts of sabotage. The guerrilla campaign that followed was every bit as extraordinary as the six men who directed it. One of them, Cecil Clarke, was a maverick engineer who had spent the 1930s inventing futuristic cars. Now his talents were put to more devious use: he built the 'dirty bomb' used to assassinate Hitler's favorite, Reinhard Heydrich. Another, William Fairbairn, was a portly pensioner with an unusual passion: he was the world's leading expert in silent killing, hired to train the guerrillas being parachuted behind enemy lines. Led by dapper Scotsman Colin Gubbins, these men, along with three others, formed a secret inner circle that, aided by a group of formidable ladies, single-handedly changed the course of the Second World War. A cohort hand-picked by Winston Churchill, whom he called his Ministry of Ungentlemanly Warfare, Giles Milton's *Churchill's Ministry of Ungentlemanly Warfare* is a gripping and vivid narrative of adventure and derring-do that is also perhaps the last great untold story of the Second World War. **Ships Monthly**, 2003 *Annual Bibliography of British and Irish History*, 1999 **Books In Print 2004-2005** Ed Bowker, Staff, Staff Bowker, Ed, 2004 *OSTAR* Lloyd
