

The background of the entire image is a dark, almost black, field filled with numerous red blood cells of various sizes. The cells are depicted with a semi-transparent, glowing orange-red hue, giving them a three-dimensional appearance as if they are floating in a fluid. The lighting is soft, highlighting the edges and centers of the cells, creating a sense of depth and movement. The overall effect is a microscopic view of blood, which directly relates to the book's title.
