Blood Tears:

Gender and Medieval Mysticism from India to Europe Alexandra Verini, Abir Bazaz, 2023-09-29 This book opens up a dialogue between pre modern women identified as mystics in diverse locations from South Asia to Europe It considers how women from the disparate religious traditions of Hinduism Islam and Christianity expressed devotion in parallel ways The argument is that women s mysticism demands to be compared not because of any essential female experience of the divine but because the parallel positions of marginalization that pre modern women experienced led them to deploy intimate encounters with the divine to speak publicly and claim authority The topics covered range from the Sufi devotional tradition of Sidis Indians of African ancestry to the Bhakti poet M r ba and the nuns of Barking Abbey Collectively the chapters show how mysticism allowed premodern women to speak and act by unsettling traditional gender roles and expectations for religious behavior At the same time as uncovering connections the juxtaposition of women from different traditions serves to highlight distinctive features The book draws on a range of disciplinary expertise and will be of particular interest to scholars of medieval religion and theology as well as history and literary studies

The Politics of Proverbs Wolfgang Mieder, 1997 Demonstrates how proverbs and to a lesser extent proverbial expressions have played a significant role in political life during the 20th century Takes as major examples the speeches and writings of Adolf Hitler Winston Churchill and Harry Truman to show how proverbs can be brought into the service of most any ideology Also traces the use of proverbs and their cartoon analogues during the five decades of Cold War propaganda and proverbial slurs against Native Americans and Asian Americans Paper edition unseen 19 95 Annotation copyrighted by Book News Inc Portland OR

Meditations on the Tarot , 2005-08-25 Now in a fully corrected edition one of the true spiritual classics of the twentieth

century Published for the first time with an index and Cardinal Hans Urs von Balthasar's afterword this new English publication of *Meditations on the Tarot* is the landmark edition of one of the most important works of esoteric Christianity. Written anonymously and published posthumously as was the author's wish the intention of this work is for the reader to find a relationship with the author in the spiritual dimensions of existence. The author wanted not to be thought of as a personality who lived from 1900 to 1973 but as a friend who is communicating with us from beyond the boundaries of ordinary life. Using the 22 major arcana of the tarot deck as a means to explore some of humanity's most penetrating spiritual questions *Meditations on the Tarot* has attracted an unprecedented range of praise from across the spiritual spectrum.

I am 81 now and since finishing this my first effort ages ago I've been not a little embarrassed since then when asked what is BEFORE I FORGET all about. My answer of Me sounds awful but that's it plus many more intriguing and interesting personalities and situations thank goodness. My life certainly hasn't reached great prominence but it's been by no means humdrum either so I feel it perhaps worth sharing with others. Suffice to say it is about growing up in Jollye Olde from 1919 to 1936 a terrific year as an Exchange Student at a great prep school in Rhode Island returning to the UK in '37 and promptly starting work as a trainee in a big thread making company. This being a disaster made me join the Royal Air Force Volunteer Reserve on my 20th birthday September 13 1939 and to get out of what I was doing and hopefully to become a pilot. An exciting often scary but always fascinating war followed for seven years which included night fighter squadrons and experimental work crazy situations marriage to a girl I met when at school in Newport and the struggle for normalcy after I was demobilized. We left the UK for the States in 1948 for sundry reasons. Then started a life with never a dull moment. Hairbrush then English car salesman marmalade making in our 1780 home in Hamilton MA radio and television in the US and in the UK special events announcer two children adopted US citizen PR Director for the New England Aquarium to name but a few. The book ends with the passing of my late wife to whom it is dedicated. Book Two of BEFORE I FORGET starts a couple of years later and is still in the works. It will be dedicated of course to Annie my present wife of 33 years.
