Burning Worm Carl Tighe, 2001 [Tigers without Teeth](#) Scott Wilson, 2015-03-19 This compelling book analyzes the rise of civil society and legal contentiousness in contemporary China Scott Wilson examines how Chinese AIDS carriers and pollution victims relying on weak laws and judicial institutions pursue justice and protection of their rights in Chinese courts and civil society In exploring the politics of justice in China the author contends that civil society and legal rights advance when their organizers have support from pockets of the Chinese Communist Party resources from international groups and the backing of protesters Even lawsuits that fail in the courts can raise societal consciousness of social issues and can lead to revised state policies to address the substantive claims of disadvantaged citizens Underlying the politics of justice is the regime s attempt to balance commitments to legal development and its interest in regime stability Wilson argues that the Chinese state has looked more favorably upon pollution victims civil society organizations and lawsuits than those of AIDS carriers Going beyond the standard overviews of China s legal system *Tigers without Teeth* is unique in its close comparison of legal activism on two sensitive and politically relevant social issues It provides important insights into the development of civil society as well as highlighting limitations to the pursuit of justice as the system balances between the development of rule of law and regime stability **Blood Feuds** Eric A. Feldman, Ronald Bayer, 1999 In the mid 1980s public health officials in North America Europe Japan and Australia discovered that almost half of the hemophiliac population as well as tens of thousands of blood transfusion recipients had been infected with HIV tainted blood This book provides a comparative perspective on the political legal and social struggles that emerged in response to the HIV contamination of the industrialized worlds blood supply It describes how eight nations responded to the first signs that AIDS might be transmitted through blood and how they falteringly arrived at and finally implemented measures to secure the blood supply The authors detail the remarkable saga of the mobilization of hemophiliacs who challenged the state the medical establishment and even their own caregivers as they sought recompense and justice In the end the blood establishments in almost every advanced industrial nation were shaken In Canada the Red Cross was forced to withdraw from blood collection and distribution In Japan pharmaceutical firms that manufactured clotting factor agreed to massive compensation 500 000 per hemophiliac infected In France blood officials went to prison Even in Denmark where the number of infected hemophiliacs was relatively small the

struggle and litigation surrounding blood has resulted in the most protracted legal and administrative conflict in modern Danish history Blood Feuds brings together chapters on the experiences of the United States Japan France Canada Germany Denmark Italy and Australia with four comparative essays that shed light on the cultural institutional and economic dimensions of the HIV blood disaster My Scrap-book of the French Revolution Elizabeth Wormeley Latimer,1898 **The Merry Widow** ,1909 *Memoirs and Writings of the Very Reverend James F.
