Blue Skies Again:

There She Goes Again Aviva Dove-Viebahn, 2023-12-15 *There She Goes Again* interrogates the representation of ostensibly powerful women in transmedia franchises examining how presumed feminine traits love empathy altruism diplomacy are alternately lauded and repudiated as possibilities for effecting long lasting social change By questioning how these franchises reimagine their protagonists over time the book reflects on the role that gendered exceptionalism plays in social and political action as well as what forms of knowledge and power are presumed distinctly feminine The franchises explored in this book illustrate the ambivalent post feminist representation of women protagonists as uniquely gifted in ways both gendered and seemingly ungendered and yet inherently bound to expressions of their femininity At heart *There She Goes Again* asks under what terms and in what contexts women protagonists are imagined envisioned embodied and replicated in media Especially now in a period of gradually increasing representation women protagonists demonstrate the importance of considering how we should define and whether we need feminine forms of knowledge and power [The Baseball Film](#) Aaron Baker, 2022-01-14 Baseball has long been viewed as the Great American Pastime so it is no surprise that the sport has inspired many Hollywood films and television series But how do these works depict the game its players fans and place in American society This study offers an extensive look at nearly one hundred years of baseball themed movies documentaries and TV shows Film and sports scholar Aaron Baker examines works like *A League of their Own* 1992 and *Sugar* 2008 which dramatize the underrepresented contributions of female and immigrant players alongside classic baseball movies like *The Natural* that are full of nostalgia for a time when native born white men could use the game to achieve the American dream He further explores how biopics have both mythologized and demystified such legendary figures as Ty Cobb Babe Ruth Lou Gehrig Jackie Robinson and Fernando Valenzuela *The Baseball Film* charts the variety of ways that Hollywood presents the game as integral to American life whether showing little league as a site of parent child bonding or depicting fans lifelong love affairs with their home teams Covering everything from *Bull Durham* 1988 to *The Bad News Bears* 1976 this book offers an essential look at one of the most cinematic of all sports **All Occasions** Caroline Earnest Dickenson, 1896 **Werner's Readings and Recitations** ,1896 *Treherne's Temptation* Alaric Carr, 1883 **Treherne's Temptation** Alaric Carr, 1883 **New York Magazine** ,1984-05-21 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *The Baseball Filmography, 1915 through 2001, 2d ed.* Hal Erickson, 2016-03-23 Since the first baseball movie *Little Sunset* in 1915 Hollywood has had an on again off again affair with the sport releasing more than 100 films through 2001 This is a filmography of those films Each entry contains full

cast and credits a synopsis and a critique of the movie Behind the scenes and background information is included and two sections cover baseball shorts and depictions of the game in non baseball films An extensive bibliography completes the work
