## **A Reason To Hope:**

A Reason to Hope Ralph Wayne Kraft,1983      REASON FOR HOPE Patrick J Vaughan,2014-12-03 I was stirred to write this because I believe in my heart that there are many who are losing hope With all the uncertainties and calamities going on in the world and our own personal lives I can understand this to some reason But the main reason people are losing hope is that we are focused on the wrong things We are looking at the wrong direction listening to the wrong people and getting all the wrong answers and promises from those who lie and deceive Below is the first few paragraphs to my book which will give more insight Hope deferred makes the heart sick Proverbs 13 12 I have this word Hope burning in my spirit in this season I believe that there are many out there although they may appear all right on the surface are disappointed in their dreams are fearful and worried do not see a future and are very troubled in both heart and mind The lack of hope or seemingly not having hope at all is very disturbing and will bring you to great depression which will kill any ambition I am here to say and to tell you and assure you that all is not lost I want to assure you that hope is real and we all have a reason for hope no matter how dark your circumstances are and no matter how bleak your future appears Our verse above tells us that hope deferred makes the heart sick Deferred means to be delayed or to be postponed temporarily I hope that you have grasped our first point Our first point being that what you are hoping for is not gone or lost and not within your grasp and your future It is just delayed and just temporarily postponed If deferred hope makes the hearts sick what does the lack of or the perception of no hope do to a person Do not believe the lie that there is never any hope There is always hope That thing that you are expecting and dreaming about will eventually and assuredly happen and come to pass Even if your at the end of your rope hang on push in and press forward there is always hope      *The Reason of Hope* Henry K. Wood,1887      *A Reason to Hope* Laura Renee Schrock Smucker,2013-08-01 What will sustain little Mira Kalinowski and her family in Warsaw during World War II when they return to find their former home reduced to a pile of bricks The pain and emotional scars of war marks this Polish family for life As a young adult Mira begins to realize her need for purpose in life Will the Catholic church provide her with answers Will marriage fulfill her hopes and dreams Discover how Mira finds a reason to hope and a reason to live because of Christ      The Religious Sentiment. The author writes that from his personal perspective this book is about hope But it is also about a complex of historical tumultuous tragic and hopeful events that were not only played out in Viet Nam but also on the world stage in which he became a participant from the time of the 1960s The book is organized into Prologue eleven chapters and an Epilogue that relate historical events after which the author then forms conceptions related to hope At the end of each chapter are codas which emerged as reflections even meditations on hope as the author was in the process of writing the book At the end of the

book are sections with a glossary of abbreviations biographical data on both Vietnamese and foreign persons referred to in the book and an annotated history of Viet Nam from the time of 2879 B C to the present
