A Presidents Odyssey:

A President's Odyssey A. Merriman Smith, 1961 **Presidential Disability** James F. Toole, Robert J. Joynt, 2001 In response to an invitation by President Jimmy Carter to the American Academy of Neurology in May 1994 James F Toole neurologist and Arthur S Link biographer of Woodrow Wilson established the Working Group on Presidential Disability whose members include medical doctors politicians and former administration members This book represents the papers and discussions of the Working Group as well as its final report on and recommendations for determining how and when the Twenty Fifth Amendment is to be used The findings and deliberations of the Working Group were issued in a set of nine recommendations for the effective use of the Twenty Fifth Amendment which are included in this book along with commentary on the recommendations **BOOK JACKET** "The" Papers of Dwight David Eisenhower Dwight D. Eisenhower, 2001 **Managing an Alliance** I M. Destler, Priscilla Clapp, Hideo Sato, 2010-12-01 The alliance between Japan and the United States has entered a new era Successful in promoting mutually beneficial relations during the cold war era it must now be adapted to a world of detente and new dealings with China Effective in helping the vulnerable postwar Japanese economy recover domestically and expand its trade internationally it is now confronted with the different issues accompanying Japan s rise to third rank among the world s economic powers The alliance remains important because effective cooperation between Japan and the United States is indispensable to regional stability in East Asia and to a workable world economic order This study of the politics and processes that influence U S Japanese relations draws heavily on three episodes revision of the bilateral security treaty in 1960 agreement on reversion of Okinawa to Japan in 1969 and the dispute in 1969 71 over Japanese textile exports to the United States All three illustrate differences and similarities in the national political and bureaucratic institutions through which policy decisions and actions are taken how officials in each government perceive actions taken by the other and recurrent patterns of misperception The authors analysis of U S and Japanese negotiating tactics constitutes a guide to effective political management and consensus building within each country The study also accounts for the ways in which issues arise the channels through which they are negotiated and the effect of actions in one system on decisionmaking in the other The authors conclude with suggestions about how to reduce tension and promote constructive bilateral relations suggestions that they believe to be relevant to the conduct of U S relations with other major allies The President's Report University of Chicago, 1900 1897 98 includes summaries for 1891 to 1897 **Newspaperdom** ,1918 **Merriman Smith's Book of Presidents** A. Merriman Smith, 1972 What the book does is describe the presidency and six presidents in very human terms what it s like to be president to live in the White House to belong to the first family either by birth or by duty Here the son of a great reporter compiles the best of his father s writings half from unpublished notes and half from Smith s famous writings such as the book Thank You Mr President and his Pulitzer Prize coverage of the John Kennedy assassination The book includes story tragedy and humor **Dust jacket** *The*
