

# QUESTION MARK

The question mark (?) is primarily used to indicate a direct question or inquiry in written communication. It is used at the end of a sentence to denote that the statement is a question and to signal a rising intonation in the speaker's voice.

## Examples:

- "What time is it?"
- "Did you finish your homework?"
- "Where is the nearest coffee shop?"

In each of these examples, the question mark signals that the statement is a question and invites a response from the reader or listener.

## Common Mistakes to Avoid

- Using a question mark for indirect questions
- Using a question mark with statements that are not questions
- Overusing question marks
