Blind Impress:

Contingency, Irony, and Solidarity Richard Rorty,1989-02-24 In this 1989 book Rorty argues that thinkers such as Nietzsche Freud and Wittgenstein have enabled societies to see themselves as historical contingencies rather than as expressions of underlying ahistorical human nature or as realizations of suprahistorical goals This ironic perspective on the human condition is valuable on a private level although it cannot advance the social or political goals of liberalism In fact Rorty believes that it is literature not philosophy that can do this by promoting a genuine sense of human solidarity A truly liberal culture acutely aware of its own historical contingency would fuse the private individual freedom of the ironic philosophical perspective with the public project of human solidarity as it is engendered through the insights and sensibilities of great writers The book has a characteristically wide range of reference from philosophy through social theory to literary criticism It confirms Rorty s status as a uniquely subtle theorist whose writing will prove absorbing to academic and nonacademic readers alike   2008, ☐☐☐☐☐ ☐☐☐☐ - ☐☐☐☐☐☐ ☐☐☐☐☐☐   **Richard Rorty** Charles Guignon,David R. Hiley,2003-07-28 Arguably the most influential of all contemporary English speaking philosophers Richard Rorty has transformed the way many inside and outside philosophy think about the discipline and the traditional ways of practicing it The essays in this volume offer a balanced exposition and critique of Rorty s views on knowledge language truth science morality and politics The introduction presents a valuable overview of Rorty s philosophical vision Written by a distinguished roster of philosophers it will appeal beyond philosophy to students in the social sciences literary studies cultural studies and political theory   **The Impossibility of Self** Nicholas Tapp,2010 This is a work of ethnographic reflection on Hmong society history and culture dealing with questions of the self and the notion that a romantic self inspired the ethos of hedonism associated with the consumer economy A Hmong identity is shown to have been historically constructed through the works of colonial missionaries linguists and anthropologists Yet Hmong voices have also been powerful in this process Based on recent fieldwork in Asia and overseas the Hmong diaspora is examined The modern Hmong self is presented as a prospective one constructed in diaspora and through the use of the internet and other modes of modern communication in a movement towards a virtual future which despite the dissonance of voices appealing to an ideal unity is one still rich with potentiality   *Displaced Persons: Conditions of Exile in European Culture* Sharon Ouditt,2017-03-02 This lively and intellectually vigorous conspectus of studies approaches the subject of exile from a variety of disciplinary perspectives The contributions to this volume give due attention to the twentieth century migratory phenomena theorised by Edward Said Julia Kristeva and Salman Rushdie They also show that the discourse and experience of exile is not the stuff of modernity alone The volume illustrates that the waning of the Middle Ages Reformation and Restoration politics and the importation of Egyptian mummies into a nineteenth century England hungry for imperial exotica reveal displacement dislocation otherness and the uncanniness of observing strangers on display to have long been part of European cultural currency The essays

range across a variety of disciplines literary studies modern languages history of science philosophy and museum studies

Ottaviano Petrucci Stanley Boorman,2006 The innovative work in design typography and content of music printer and publisher Ottaviano Petrucci 1446 1539 became the standard by which all following printers measured themselves He created the defining moment when Italy took the lead in book printing in the Renaissance This book is a bibliographic study of the output of the Petrucci presses laying emphasis on the professional career of Petrucci It includes a detailed study of technique and house style examining the market forces that drove Petrucci s publishing decisions and provides a detailed catalogue of editions and copies Stanley Boorman has made a study of the output of Petrucci s presses for 25 years This long awaited contribution to the field of bibliography will have an audience both in music and in rare book bibliography

Modernism and Morality M. Halliwell,2001-09-12 Modernism and Morality discusses the relationship between artistic and moral ideas in European and American literary modernism Rather than reading modernism as a complete rejection of social morality this study shows how early twentieth century writers like Conrad Faulkner Gide Kafka Mann and Stein actually devised new aesthetic techniques to address ethical problems By focusing on a range of decadent naturalist avant garde and expatriate writers between 1890 and the late 1930s this book reassesses the moral trajectory of transatlantic fiction The Varieties of Temporal Experience Michael D. Jackson,2018-04-10 What does it mean to live in time between the unforeseeable and the irreversible In The Varieties of Temporal Experience Michael Jackson demonstrates the significance of a phenomenology of time for ethnography philosophy and history through a multifaceted consideration of the gap between our cultural representations of temporality and the bewildering multiplicity of our experience of being in time Jackson explores temporality in a subjective mode as a form of literary anthropology The first part of the book tells the story of John Joseph Pawelka whose 1910 escape from prison and subsequent disappearance became one of New Zealand s great unsolved mysteries discussing what it reveals about the interplay of popular stories hidden histories and media narratives in constructing allegories of national and moral identity In the second Jackson reflects on journeys up and down the islands of New Zealand touching on the ways that personal stories are interwoven with social and historical events Throughout this groundbreaking book Jackson juxtaposes philosophy history and ethnography in an attempt to do justice to the extraordinary variety of temporal experience at the same time exploring the ethical and existential quandaries that arise from the complexity of lived time *Outlook for the Blind* ,1914 **Annual Report of the Division of the Blind for the Year Ending ...** Massachusetts.
