**Honest Politics Now** Ian Greene,David P. Shugarman,2017-05-15 For many honest politics is an oxymoron Yet there have been enormous changes in Canadian public life in the past two decades to identify and address expectations that politicians and officials will act honestly and in the public interest Using high profile political scandals as case studies this book explores the standards of accountability to which Canadian politicians are now being held Among the case studies addressed are the gas plant scandal in Ontario the Railgate scandal in B C the Robocalls affair the sponsorship scandal Stephen Harper s attack on the Chief Justice of the Supreme Court and the saga of Rob Ford This book critically analyzes changes introduced and implemented over the last twenty years intended to deal with ethical issues in politics including the boom of independent ethics commissioners the regulation of lobbyists in Canada and federal efforts to protect whistle blowers Contributors to the book include experts in all these areas drawn from across the country      **The Chrétien Legacy**

Lois Harder,Steve Patten,2006-07-13 The legacy of Jean Chr tien Canadian prime minister from 1993 2003 is difficult to assess in the context of the sponsorship scandal and the subsequent cloud of uncertainty surrounding the Liberal Party s electoral prospects The contributors to this volume use their considerable experience and expertise as policy observers and critical thinkers to provide provocative essays that analyse Chr tien s government and provide insights into Canadian politics and public policy      **Magna Cum Laude** Wayne Lilley,2010-01-05 The first biography of one of Canada s most elusive and controversial billionaires This is a solid thorough business book about Frank Stronach Canada s most famous rags to riches story The outline is well known a young Austrian immigrant arrives in Canada in 1955 with fifty dollars in his pocket He takes

Blue Trust Stevie Cameron,Macdonell, Rod,1999-11 Blue Trust has all the ingredients of a gripping thriller except it's all true In the late 1980s Bruce and Lynne Verchere had it all He was a successful tax lawyer whose clients included Brian Mulroney and bestselling novelist Arthur Hailey She was a computer software entrepreneur whose innovative systems revolutionized office management throughout North America When Lynne's company was sold Bruce could finally afford the extravagances he had long coveted a plane a yacht a summer home in Maine

and a condo in Telluride Through intricate manipulation he was able to secrete his family's wealth beyond the reach of the taxman and even his wife Then Bruce Verchere fell in love The desperate affair and dangerous ultimatum that followed provide this true story with a chilling climax Blue Trust is a complex tale of high drama brilliantly told by one of Canada's most admired investigative journalists Corruption and Governmental Legitimacy Jonathan Mendilow, Ilan Peleg, 2016-11-21 This volume considers corruption as a multidimensional complex phenomenon in which various forms of corruption may overlap at any given time Extending the seemingly paradoxical notion of legal corruption to such settings as the USA Spain and the Czech Republic the book seeks to augment our understanding of corruption in democracies by focusing on conduct that is considered by large segments of the population to be corrupt even though they are not explicitly defined as such by the law or the governing elites Such behaviors are not often captured by corruption perception indexes or identified by scholars who regard corruption as a single category usually restricted to bribery However they are liable to incur a heavy price both in terms of trust in specific governments and of general system support As illustrated by developments in Spain the Czech Republic and the corrosive presidential campaign of 2016 in the USA these actions are liable to endanger both the quality and actual viability of democratic orders This volume looks into the possibilities of legal reforms and anticorruption campaigns aiming to correct the consequences of such corruption on government legitimacy A comparison between the anticorruption campaigns in the competitive authoritarian context of Russia and the fully authoritarian setting of China helps to identify both the difficulties and the possibilities of such efforts in democratic regimes
