Bloody Buna:

Bloody Buna David W. Cameron,2024-01-03 With the Australian troops crossing of the Kumusi River in mid November after pushing the Japanese back along the Kokoda Track the time had come to face the entrenched Japanese at their beachhead at Gona Sanananda and Buna The end of the Kokoda Campaign in mid November 1942 marked a turning point for the Australians but the fighting was far from over Within days the battles for the three Japanese beachheads would commence These battles were the first combined large scale operation between Australian and American troops against the Japanese and would prove to be among the fiercest of the Pacific War At Buna the final battles to take New and Old air strips by the Australians along with the ongoing American attacks to take the infamous Triangle proved to be a brutal and deadly bloodbath for all concerned Amidst the crocodile infested swamps and lowland jungle with dozens of Japanese bunkers and pillboxes with supporting artillery the Australians who fought at all three beachheads faced an unprecedented toll suffering more killed or wounded than in any other campaign of the Pacific war In the face of relentless combat the Allied forces at Buna suffered staggering casualties with 2817 men lost at Buna The American 32nd Division sustained 1954 casualties including 353 killed 1508 wounded and 93 missing amounting to around 40 per cent casualties over a six week period The Australian 18th Infantry Brigade and supporting elements suffered 863 casualties with 267 killed 31% 557 wounded and 39 missing amounting to around 60 per cent casualties over just three weeks of fighting As the battle raged on the Japanese suffered significant losses with a minimum of 1390 men killed at Buna The true number of their dead lost in history is likely much higher with conservative estimates suggesting around 3000 fatalities Bloody Buna sheds light on the untold sacrifices and heroism displayed by the Australian and American troops as they clashed with the Japanese in one of the most vicious chapters of the Pacific War

Armored Warfare In The Jungle Environment Major Kevin S. Wimmer,2014-08-15 This study examines armored warfare in a jungle environment The focus is to determine if there is a role for ground mounted armored forces in jungle warfare This study explains how armor was used in past jungle conflicts and examines current doctrine and applicability of employment of armor in the jungle The first portion of the research focuses on discerning how armor was used in past jungle conflicts The Pacific campaign of World War II and the Vietnam War are examined to determine the historical role of armor in a jungle environment Early employment of armor in these two conflicts is examined to determine the criteria for use of armored forces in the jungle and examines the tactics techniques and procedures that were developed during these conflicts The second portion of this study focuses on the feasibility of current employment of armor in a jungle environment Current Army and Marine armored doctrine is examined and interviews are conducted to determine if current armored systems could and

should be employed in jungle warfare Additionally officers from foreign countries are interviewed to determine how armored forces are employed in the jungle areas of their countries **Fire and Fortitude** John C. McManus,2019 John C McManus one of our most highly acclaimed historians of World War II takes readers from Pearl Harbor a rude awakening for a ragtag militia woefully unprepared for war to Makin a sliver of coral reef where the Army was tested against the increasingly desperate Japanese In between were nearly two years of punishing combat as the Army transformed at times unsteadily from an undertrained garrison force into an unstoppable juggernaut and America evolved from an inward looking nation into a global superpower Provided by publisher **In Caesar's Shadow** Paul Chwialkowski,1993-08-18 Although considered by MacArthur as his number one fighting general Eichelberger is one of the least known of the World War II commanders Professor Chwialkowski examines General Eichelberger s background rise through the ranks and wartime experiences In the end he concludes that Eichelberger failed to achieve a widely perceived special competence among his peers that he had the bad luck to lead in secondary theaters of operations in both world wars and most importantly that his personality undermined his standing among superiors and subordinates alike As the only in depth biography of Eichelberger the volume provides new material on the campaigns at Buna Biak and the Philippines as well as fresh insights on MacArthur s handling of the Pacific theater of operations As such the volume will be of considerable value to students of World War II and American twentieth century military history **United States Army in World War II** ,1998 **Gentle Knight** Leslie Anders,1985

MacArthur's Jungle War Stephen R. America's First Battles, 1776-1965 Charles E. Heller,William A.
