Andrey Bely Spirit Of Symbolism:

Andrey Bely John E. Malmstad, 2019-05-15 No figure in turn of the century Russia John Malmstad asserts better epitomizes the paradoxes of that era than Andrey Bely 1880 1934 Eulogized by Boris Pasternak as the most remarkable writer of our age and now widely regarded as the seminal figure in Russian modernism and as one of the major writers of this century Bely subjected the received standards of truth and value in literature to a penetrating and radical critique After a long period of suppression under the Stalinist regime Bely has become the object of growing critical attention in both East and West Originating in a symposium held in 1984 under the auspices of the Harriman Institute at Columbia University on the fiftieth anniversary of Bely's death this volume includes ten essays by established scholars of modern Russian literature including leading Western specialists on Bely The essays survey Bely's major works in all genres summarize present research on Bely reassess critical approaches and offer fresh interpretations Analytic summaries of primary works make the essays fully accessible to non Slavist readers

The Stony Dance Timothy Langen, 2005-07-22 Widely considered the greatest Russian modernist novel Andrei Bely's Petersburg has until now eluded the critical attention that a book of its caliber merits In *The Stony Dance* Timothy Langen offers readers a study of Bely's masterpiece unparalleled in its comprehensiveness clarity and inclusion of detail a critical study that is at the same time a meditation on the nature of literary art Thoroughly versed in Russian and European modernism in Bely's biography and writings and in twentieth century literary theory Langen constructs an original analytic scheme for reading Petersburg Guided by Bely's fertile but challenging notions of art and philosophy he analyzes the novel first as an object embodying intentions and essences then as a pattern of signification and events and finally as a dance of gestures that coordinate body and meaning regularity and surprise self and other and author novel and reader The terms are derived from Bely's own writings but they are nuanced with reference to Russian and European contexts and clarified with reference to philosophy and literary theory Langen shows how Bely invariably challenges his own concepts and patterns thereby creating an unusually demanding and dynamic text In finding an approach to these enriching difficulties this book at long last shows readers a welcoming way into Bely's thought and his masterwork and their place in the complex world of early twentieth century literature

Russian Modernism Stephen C. Hutchings, 1997-12-11 This book explores the unique way in which Russian culture constructs the notion of everyday life or *byt* and offers the first unified reading of Silver age narrative which it repositions at the centre of Russian modernism Drawing on semiotics and theology Stephen C Hutchings argues that *byt* emerged from a dialogue between two traditions one reflected in western representational aesthetics for which daily existence figures as neutral and normative the other encapsulated in the Orthodox emphasis on iconic embodiment Hutchings identifies early Decadent formulations of *byt* as a milestone after which writers from Chekhov to Rozanov sought to affirm the iconic potential hidden in Russian realism's critique of representationalism Provocative yet careful textual analyses reveal a consistent urge to redefine art's function as

one not of representing life but of transfiguring the everyday

Conceptualizing "symbolism" Jonathan Craig Stone, 2007

Flight from Eden Steven Cassedy, 2023-11-15 Steven Cassedy takes aim at two of the most enduring myths of modern criticism that it is secular and that it is new and autonomous He argues that though modern criticism is often forbiddingly scientific and technical the modern critic remains something of a mystic Every school of modern criticism from structuralism to postmodern criticism rests on a faith in an Eden an irreducible essence a myth like the common myth that there is an intrinsic distinction between poetic language and ordinary language The modern critic attempts to abandon all mystical faith this is the flight from Eden But it is always in vain It is traditionally assumed that modern literary criticism and theory came from France and relatively recently In fact according to Cassedy the entire modern critical consciousness was already formed by the early twentieth century in the minds of writers who were primarily neither professional critics nor philosophers but poets Some were French Mallarmé and Valéry others were not Rilke Bely and the Russian avant garde poet Velimir Khlebnikov In them we find the same Edenic faith the same effort to abandon it and the same failure of that effort This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990

Reference Guide to World Literature Tom Pendergast, 2003 Covers writers from the ancient Greeks to 20th century authors Includes biographical bibliographical entries on nearly 500 writers and approximately 550 entries focusing on significant works of world literature Each author entry provides a detailed overview of the writer's life and works Work entries cover a particular piece of world literature in detail

The European Foundations of Russian Modernism Peter I. Barta, Ulrich Goebel, 1991 The 10 articles in this volume present a comparative examination of 19th and 20th century Russian literature While the focus of each study is on the foreign moorings of Russian literature the volume also interprets prominent European texts from a comparative perspective

The Reluctant Modernist Roger Keys, 1996 Andrei Belyi 1880-1934 is generally regarded as the greatest and most influential prose writer to emerge from the Symbolist movement in Russia at the turn of the twentieth century His early prose symphonies and novels are often compared with the work of such European modernists as Joyce and Proust This is the first book to attempt a systematic analysis of the place of Belyi's fiction within the modernist prose tradition in Russia a tradition which has been obscured by decades of ideological distortion Paradoxically Belyi himself a mystic by nature who sought only transcendent certainty from the flux of experience would have been reluctant to claim this modernist tradition as his own Keys demonstrates the

inadequacy of the various other isms Symbolism Impressionism etc which have until recently bedevilled most critical attempts to analyse the prose of the period giving a comprehensive overview of Belyi criticism both within and beyond the Soviet Union The book includes a detailed analysis of Belyi s prose works written before the First World War paying keen attention to his philosophical and literary influences including his extensive reading of Kant and Gogol and its particular effect upon his theory and practice and locating him firmly within his own Russian context Sections devoted to Belyi s greatest novel Petersburg and other works such as The Silver Dove and Dramatic Symphony analyse Belyi s use of structure and plot recurrent leitmotifs and related forms of symbolism The book investigates Belyi s attempts to reconcile the Symbolist vision of the writer as having revelatory mystical authority with the more customary notion of perspectivism of implied author narrator and character offering a number of different voices which cannot claim cognitive authority beyond the fictional context in which they occur
