**Ross MacDonald** Tom Nolan, 2015-07-07 When he died in 1983 Ross Macdonald was the best known and most highly regarded crime fiction writer in America Long considered the rightful successor to the mantles of Dashiell Hammett and Raymond Chandler Ross Macdonald and his Lew Archer novels were hailed by The New York Times as the finest series of detective novels ever written by an American Now in the first full length biography of this extraordinary and influential writer a much fuller picture emerges of a man to whom hiding things came as second nature While it was no secret that Ross Macdonald was the pseudonym of Kenneth Millar a Santa Barbara man married to another good mystery writer Margaret Millar his official biography was spare Drawing on unrestricted access to the Kenneth and Margaret Millar Archives on more than forty years of correspondence and on hundreds of interviews with those who knew Millar well author Tom Nolan has done a masterful job of filling in the blanks between the psychologically complex novels and the author's life both secret and overt Ross Macdonald came to crime writing honestly Born in northern California to Canadian parents Kenneth Millar grew up in Ontario virtually fatherless poor and with a mother whose mental stability was very much in question From the age of twelve young Millar was fighting stealing and breaking social and moral laws by his own admission he barely escaped being a criminal Years later Millar would come to see himself in his tales wrongdoers I don't have to be violent he said My books are How this troubled young man came to be one of the most brilliant graduate students in the history of the University of Michigan and how this writer who excelled in a genre all too often looked down upon by literary critics came to have a lifelong friendship with Eudora Welty are all examined in the pages of Tom Nolan's meticulous biography We come to a sympathetic understanding of the Millars long and sometimes rancorous marriage and of their life in Santa Barbara California with their only daughter Linda whose legal and emotional traumas lie at the very heart of the story But we also follow the trajectory of a literary career that began in the pages of Manhunt and ended with the great respect of such fellow writers as Marshall McLuhan Hugh Kenner Nelson Algren and Reynolds Price and the longtime distinguished publisher Alfred A Knopf As Ross Macdonald A Biography makes abundantly clear Ross Macdonald's greatest character above and beyond his famous Lew Archer was none other than his creator Kenneth Millar The Publishers Weekly, 1972 **First Words** Paul Mandelbaum, 2000-04-21 Most kids write stories A few of them grow up to be successful authors Before Stephen King created Carrie he created Jhonathan at age nine And before there was Rabbit Angstrom there was Manuel Citarro detective in John Updike's hard boiled mystery written at fourteen Before Jurassic Park there was young Michael Crichton's story about the mysteriously wounded man lying unattended in the street Editor Paul Mandelbaum persuaded our most popular American authors to share their childhood writings and their treasured photographs What he's gathered is a fascinating delightful collection of writing and early snapshots that reveal young minds at work wrestling with early versions of ideas that were to take hold of their writings in later years Of course the young Madeline L Engle would wonder about

space and the meaning of eternity Of course Margaret Atwood would question conventional female behavior arguing for the right to smoke cigars First Words is an inspiration to budding writers and enthusiastic teachers and a revelation for readers everywhere This revised and condensed edition includes the following writers Margaret Atwood Roy Blount Jr Paul Bowles Pat Conroy Michael Crichton Rita Dove Clyde Edgerton Gail Godwin Allan Gurganus Charles Johnson Stephen King Maxine Hong Kingston Ursula LeGuin Madeleine L Engle Jill McCorkle Norman Mailer Joyce Carol Oates William Styron Amy Tan John Updike Gore Vidal Tobias Wolff AB Bookman's Weekly ,1999 **Encyclopedia of American Popular Fiction** Geoff Hamilton,Brian Jones,2010-05-12 Covers contemporary authors and works that have enjoyed commercial success in the United States but are typically neglected by more literary guides Provides high school and college students with everything they need to know to understand the authors and works of American popular fiction *Books in Print* ,1987 *Science Fiction, Fantasy, & Horror* ,1988 A comprehensive bibliography of books and short fiction published in the English language
