Andy Goldsworthy, Wood Andy Goldsworthy, 1996-09-01 In this remarkable new book British artist Andy Goldsworthy offers a compelling look at the essence of wood as he has grown to know it through his sculpture Here expanding upon the themes and preoccupations explored in his previous book *Stone* Goldsworthy evokes ideas of growth perpetual change and transformation through works made of leaves branches ice snow boulders and sand Much of his art is ephemeral what has been drawn from nature will eventually merge with it again The artist's photographs superbly reproduced here capture the moment at which each work came alive for him through a particular quality of light a precise stage in melting or the blowing of the wind
