Neibaur examines more than sixty feature films in which the actor appeared from starring roles in *Boys Town* *Babes in Arms* and *The Human Comedy* to acclaimed supporting performances in *The Bold and the Brave* and *The Black Stallion* In addition to familiar works like the Andy Hardy comedies or musicals opposite Judy Garland lesser-known films like *Quicksand* and *Drive a Crooked Road* are discussed as examples of the masterful performances he offered again and again An actor of rare talent and unrestrained exuberance Rooney appeared so often on film that it probably is impossible to view every performance of his career one that lasted longer than any other actor in Hollywood While minor roles are not discussed here all of his vintage works are making *The Essential Mickey Rooney* an indispensable resource for anyone wanting to learn more about the best work of this film icon

The Avant-garde Finds Andy Hardy Robert Beverley Ray, 1995 Here is a mystery in 1939 when the Hollywood Studio System at the peak of its power produced such films as *Gone with the Wind* *Ninotchka* *Stagecoach* *The Wizard of Oz* *Mr Smith Goes to Washington* and *Wuthering Heights* the movie's number one box office attraction was not Gable Garbo Wayne Garland Stewart or Olivier In 1939 1940 and 1941 the most popular performer in the American cinema was Mickey Rooney who owed his success primarily to a low budget MGM series that concentrated on his character Andy Hardy Here is another mystery at some point in the past decade film studies once the most innovative of the humanities disciplines began to harden into a catechism of predictable questions and answers By committing itself exclusively to rational critique film studies left itself overmatched by the enormously popular seductive and enigmatic representations that constitute the movies And by eschewing experimentation with the forms of criticism film studies ironically cut itself off from the new methods of research and writing prompted by the twentieth century's revolution

in communications technologies Robert Ray's book about Andy Hardy proposes that alternative ways of thinking and writing about the movies can be derived from the humanities equivalent of science's pure research the avant garde arts Drawing on the Surrealist tradition with its use of games chance fragments anecdotes and collage Ray invents for film studies new forms of research that imitate the cognitive habits encouraged by photography computers and the cinema itself In doing so he reveals that even the Andy Hardy movies a routine product of the Hollywood Studio System were after all rich and mysterious
