**Translating Warhol** Reva Wolf, 2024-07-11 The first study of the translations of Andy Warhol's writing and ideas Translating Warhol reveals how translation has alternately censored exposed or otherwise affected the presentation of his political and social positions and attitudes and in turn the value we place on his art and person Andy Warhol is one of the most influential artists of the 20th century and a vast global literature about Warhol and his work exists Yet almost nothing has been written about the role of translations of his words in his international reputation Translating Warhol fills this gap developing the topic in multiple directions and in the context of the reception of Warhol's work in various countries The numerous translations of Warhol's writings words and ideas offer a fertile case study of how American art was and is viewed from the outside Both historical and theoretical aspects of translation are taken up and individual chapters discuss French German Italian and Swedish translations Warhol's translations of his mother's native Rusyn language and culture the Indian artist Bhupen Khakhar's performative translations of Warhol and Warhol as translated for documentary television Translating Warhol offers a fascinating multi-faceted perspective on Warhol contributing to our understanding of his place in history as well as to translation theory and inter-cultural exchange

**Déjà Vu** Peter Krapp, Referring to a past that never was dij vu shares a structure not only with fiction but also with the ever more sophisticated effects of media technology Tracing the term from the end of the nineteenth century when it was first popularized in the pages of the Revue philosophique Peter Krapp examines the genealogy and history of the singular and unrepeatable experience of dij vu This provocative book offers a refreshing counterpoint to the clichéd celebrations of cultural memory and forces us to do a double take on the sanctimonious warnings against forgetting so

common in our time Disturbances of cultural memory screen memories false recognitions premonitions disrupt the comfort zone of memorial culture strictly speaking *dij vu* is neither a failure of memory nor a form of forgetting Krapp's analysis of such disturbances in literature art and mass media introduces historicizes and theorizes what it means to speak of an economy of attention or distraction Reaching from the early psychoanalytic texts of Sigmund Freud to the plays of Heiner Müller this exploration of the effects of *dij vu* pivots around the work of Walter Benjamin and includes readings of kitsch and aura in Andy Warhol's work of cinematic violence and certain exaggerated claims about shooting and cutting of the memorial character of architecture and of the high expectations raised by the Internet Peter Krapp lecturer in the Department of Cultural Studies and Comparative Literature at the University of Minnesota coedited *Medium Cool* a special issue of the *South Atlantic Quarterly* on contemporary media theory He has published in the fields of German studies media studies and literary theory and since 1995 has acted as editor of the Hydra Web site for theories of literature and media

of media images and their apparent reality with which Bruce Conner achieved such brilliant effects The publication contains an extensive complex panorama of art historical references combined with contemporary historical and political analyses Affinities and antitheses within the interrelationships substance and formal idioms of the five artists involved are explored in a variety of ways Along with illustrations of the paintings exhibited and films screened the catalogue thus contains articles by Giuliana Bruno Achim Hochd rfer Wolfram Pichler Christian H ller Hans Dieter Hubert Peter Pakesch Ferdinand Schmatz Marc Siegel and Ian White Disruptive Pattern Material Hardy Blechman,2004 **The Queer Warhol** Robert Allen Summers,2002 **Colour After Klein** Jane Alison,2005 This exhibition reassesses the powerful and important place of colour in contemporary art offering a fresh way of experiencing iconic works of painting installation photography and sculpture by some of the most significant artists of the 20th and 21stcenturies Louise Bourgeois William Eggleston Anish Kapoor Pipilotti Rist Anri Sala James Turrell and Andy Warhol are among the twenty artists on show *The Intangibilities of Form* John Roberts,2007 A rich and groundbreaking study of conceptual art from Duchamp to Warhol and its relationship to capitalism *Lexicon of Memory* Lynn Ellen Orlando,2005 *American Printmakers of the Twentieth Century* Donald E.
