Anger The Unauthorized Biography Of Kenneth Anger:

Anger Bill Landis,1995 Known worldwide for his bestselling Hollywood Babylon books Kenneth Anger is an underground filmmaker whose tremendous influence has been acknowledged by directors as diverse as Steven Spielberg Martin Scorsese and Dennis Hopper As the father and most highly regarded member of American cinema s avant garde Anger made three films now considered masterpieces Fireworks Scorpio Rising and Lucifer Rising More than forty years later his aesthetic ripple is still being felt in contemporary mediums such as rock videos Beginning with Anger s life as a child actor in Hollywood he was featured in A Midsummer Night s Dream with Mickey Rooney Bill Landis s biography takes the reader on a wild journey from the beginning of the underground film movement in the United States and Europe through the equally underground gay world of the 40s and 50s to the 60s in London and San Francisco when Anger was at his peak of fame and up to the present *Anger* Bill Landis,1996-04-01 [Decadent Culture in the United States](#) David Weir,2009-01-01

[Decadent Culture in the United States](#) traces the development of the decadent movement in America from its beginnings in the 1890s to its brief revival in the 1920s During the fin de si cle many Americans felt the nation had entered a period of decline since the frontier had ended and the country s manifest destiny seemed to be fulfilled Decadence the cultural response to national decline and individual degeneracy so familiar in nineteenth century Europe was thus taken up by groups of artists and writers in major American cities such as New York Boston Chicago and San Francisco Noting that the capitalist commercial context of America provided possibilities for the entrance of decadence into popular culture to a degree that simply did not occur in Europe David Weir argues that American style decadence was driven by a dual impulse away from popular culture for ideological reasons yet toward popular culture for economic reasons By going against the grain of dominant social and cultural trends American writers produced a native variant of Continental Decadence that eventually dissipated upward into the rising leisure class and downward into popular commercial culture **Satanism: A Social**

History Massimo Introvigne,2016-08-29 A 17th century French haberdasher invented the Black Mass An 18th century English Cabinet Minister administered the Eucharist to a baboon High ranking Catholic authorities in the 19th century believed that Satan appeared in Masonic lodges in the shape of a crocodile and played the piano there A well known scientist from the 20th century established a cult of the Antichrist and exploded in a laboratory experiment Three Italian girls in 2000 sacrificed a nun to the Devil A Black Metal band honored Satan in Krakow Poland in 2004 by exhibiting on stage 120 decapitated sheep heads Some of these stories as absurd as they might sound were real Others which might appear to be equally well reported are false But even false stories have generated real societal reactions For the first time Massimo Introvigne proposes a general social history of Satanism and anti Satanism from the French Court of Louis XIV to the Satanic scares of the late 20th century satanic themes in Black Metal music the Church of Satan and beyond *The Most Typical Avant-Garde* David James,2005-05-30 Los Angeles has nourished a dazzling array of independent cinemas avant garde and

art cinema ethnic and industrial films pornography documentaries and many other far flung corners of film culture This glorious panoramic history of film production outside the commercial studio system reconfigures Los Angeles rather than New York as the true center of avant garde cinema in the United States As he brilliantly delineates the cultural perimeter of the film business from the earliest days of cinema to the contemporary scene David James argues that avant garde and minority filmmaking in Los Angeles has in fact been the prototypical attempt to create emancipatory and progressive culture Drawing from urban history and geography local news reporting and a wide range of film criticism James gives astute analyzes of scores of films many of which are to found only in archives He also looks at some of the most innovative moments in Hollywood revealing the full extent of the cross fertilization the occurred between the studio system and films created outside it Throughout he demonstrates that Los Angeles has been in the aesthetic and social vanguard in all cinematic periods from the Socialist cinemas of the early teens and 1930s to the personal cinemas of psychic self investigation in the 1940s to attempts in the 1960s to revitalize the industry with the counterculture s utopian visions and to the 1970s when African Americans Asian Americans Latinos women gays and lesbians worked to create cinemas of their own James takes us up to the 1990s and beyond to explore new forms of art cinema that are now transforming the representation of Southern California s geography
