Anglo American Plutarch:

An Anglo-American Plutarch David H. Burton, 1990-05-28 *An Anglo American Plutarch* emulates Plutarch by comparing and contrasting the lives of ten famous British and ten famous American historical figures Each of the pairs is given an historical introduction followed by interpretive essays on each of the paired lives and a summary of their historical significance Ten pairs of men and women are presented the first of these treated is Benjamin Franklin who is seen as both American and English Other pairs include Conservative Revolutionaries Edmund Burke and John James Ardent Abolitionists William Wilberforce and Frederick Douglas Soldiers of Fortune Duke of Wellington and Andrew Jackson Indomitable Ladies Florence Nightingale and Clara Barton Votaries of the Law Frederick E Pollock and Oliver Wendell Holmes Jr Sister Reformers Millicent Garrett Fawcett and Mary Ritter Beard Tribunes of the Working Classes James Keir Hardie and Eugene V Debs Kindred Spirits Cecil Spring Rice and Theodore Roosevelt Opposite Numbers David Lloyd George and Woodrow Wilson and Great Men of the Century Winston Churchill and Franklin Roosevelt **Anglo-American Encyclopedia**, 1910

Plutarch's Prism Rebecca Kingston, 2022-09-29 Throughout the early modern period political theorists in France and England drew on the works of Plutarch to offer advice to kings and princes Elizabeth I herself translated Plutarch in her later years while Jacques Amyot's famous translations of Plutarch's *The Parallel Lives* led to the wide distribution of his work and served as a key resource for Shakespeare in the writing of his Roman plays through Sir Thomas North's English translations Rebecca Kingston's new study explores how Plutarch was translated into French and English during the Renaissance and how his works were invoked in political argument from the early modern period into the 18th century contributing to a tradition she calls public humanism This book then traces the shifting uses of Plutarch in the Enlightenment leading to the decline of this tradition of public humanism Throughout the importance of Plutarch's work is highlighted as a key cultural reference and for its insight into important aspects of public service **Donald Trump in Historical Perspective** Michael Harvey, 2022-04-11 *Donald Trump in Historical Perspective* *Dead Precedents* is a collection of chapters that utilizes the thinking of historians philosophers and political scientists to explore historical parallels to the presidency of Donald J Trump the 45th President of the United States of America This collection provides an extensive analysis on the ways Trump's impulsiveness breaking of norms and disregard for longstanding democratic pieties caused him to represent a definitive end to the American century an era when American self confidence steadiness and leadership even in the face of titanic challenges were almost universally taken for granted Yet this book also argues how in the longer sweep of history Trump is a familiar figure in the turbulent life of democracies These in depth chapters reveal the ways Trump represents the anti institutionalist the populist demagogue the would be authoritarian who exploits electoral and political vulnerabilities to gain and hold power Through these detailed evaluations these chapters suggest that Trump is not radically unique but that democracies have produced many previous versions of the Trump phenomenon This book is essential reading for scholars

and students in political science political theory history and leadership This book is also noteworthy for readers interested in key developments in contemporary American democracy One of its greatest appeals is its extensive look into leadership on an international scale from Donald Trump s global significance to various explorations of non American leaders and the comparisons that can be made The Anglo-American Encyclopedia and Dictionary: Dictionary department (A-Z) ,1904

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
