Anglo Jewish Poetry Isaac Rosenb:

Anglo-Jewish Poetry from Isaac Rosenberg to Elaine Feinstein Peter Lawson,2006 This is the first book length study to survey the phenomenon of twentieth century Anglo Jewish poetry It proceeds by reading established Anglo Jewish poets against the grain of conventional thinking about English verse For example rather than understanding Isaac Rosenberg and Siegfried Sassoon as simply First World War poets it approaches them as minority Anglo Jewish poets as well A similar challenge to the notion of an undifferentiated English literature is made with respect to four other major writers John Rodker 1894 1955 Jon Silkin 1930 97 Elaine Finestein 1930 and Karen Gershon 1923 93 All these poets share a peripheral relationship with English and Jewish culture together with a common attachment to the diasporic narrative of exile and deferred return to a textually imagined homeland **Otherness and affiliation** Peter Jonathan Lawson,2002

'Essenced to Language' Nayef Al-Joulani,2007-01-01 Rosenberg was more than just a war poet A general failure to take this into consideration has contributed to the belated recognition of the distinctions of his work A working class London Jew he schooled himself long before the Great War to respond to issues of class culture art and poetry a combination of dependency and self sufficiency which sustains his mature work and which gave him a sense of himself as an Anglo Jewish poet To illuminate Rosenberg Nayef Al Joulani considers the conditions of the Jewish community in the East End of London at the turn of the century and examines the writer s attitudes to the Zionism in vogue He also investigates striking echoes of Freudian psychology in Rosenberg s work Tracing Rosenberg s working class literary heritage Al Joulani underlines a modern Jewish insight that has parallels with Marx and Freud and therefore uncovers the role class and race played in the critical marginalising of Rosenberg The book concludes by examining Rosenberg s cognitive ekphrasis his idea of language as a vehicle for mental essence a perception rooted into the painter s mind **Handbook of British Literature and Culture of the First World War** Ralf Schneider,Jane Potter,2021-09-20 The First World War has given rise to a multifaceted cultural production like no other historical event This handbook surveys British literature and film about the war from 1914 until today The continuing interest in World War I highlights the interdependence of war experience the imaginative re creation of that experience in writing and individual as well as collective memory In the first part of the handbook the major genres of war writing and film are addressed including of course poetry and the novel but also the short story furthermore it is shown how our conception of the Great War is broadened when looked at from the perspective of gender studies and post colonial criticism The chapters in the second part present close readings of important contributions to the literary and filmic representation of World War I in Great Britain All in all the contributions demonstrate how the opposing forces of focusing and canon formation on the one hand and broadening and revision of the canon on the other have characterised British literature and culture of the First World War **Isaac Rosenberg** Jean Moorcroft Wilson,2007 Siegfried Sassoon praised Isaac Rosenberg s genius and T S Eliot called him the most extraordinary of the Great War poets Yet it is over thirty years

since there has been a full length biography of Isaac Rosenberg This major reappraisal of his life and work by one of the First World War literature s leading authorities Jean Moorcroft Wilson is long overdue Rosenberg dies on the Western Front in 1918 aged only twenty seven his tragic early death resembling that of many other well known poets of that conflict But he differed from the majority of Great War poets in almost every other respect race class education upbringing experience and technique He was a skilled painter as well as a brilliant poet The son of impoverished immigrant Russian Jews he served as a private in the army and his perspective on the trenches is quite different from the other mainly officer poets allowing the voice of the poor bloody Tommy to be eloquently heard Jean Moorcroft Wilson focuses on the relationship between Rosenberg s life and work his childhood in Bristol and the Jewish East End of London his time at the Slade School of Art and friendship with David Bomberg Mark Gertler and Stanley Spencer his visit to Cape Town where he was staying when war broke out in August 1914 and where he fell in love with the divorced wife of South Africa s future Prime Minister and his harrowing life as a private in the British Army This monumental new life is published to mark the 90th anniversary of his death Based on all known Rosenberg material and a mass of important new discoveries Dr Wilson s biography has been authorised by Rosenberg s family and written with their blessing and help It is also beautifully illustrated including some hitherto unseen self portraits bringing together for the first time all that is known of this outstanding poet painter Great War Modernism Nanette Norris,2015-12-16 New Modernist Studies while reviving and revitalizing modernist studies through lively scholarly debate about historicity aesthetics politics and genres is struggling with important questions concerning the delineation that makes discussion fruitful and possible This volume aims to explore and clarify the position of the so called core of literary modernism in its seminal engagement with the Great War In studying the years of the Great War we find ourselves once more studying the giants about whom there is so much more to say as well as adding hitherto marginalized writers and a few visual artists to the canon The contention here is that these war years were seminal to the development of a distinguishable literary practice which is called modernism but perhaps could be further delineated as Great War modernism a practice whose aesthetic merits can be addressed through formal analysis This collection of essays offers new insight into canonical British American European modernism of the Great War period using the critical tools of contemporary expansionist modernist studies By focusing on war and on the experience of the soldier and of those dealing with issues of war and survival these studies link the unique forms of expression found in modernism with the fragmented violent and traumatic experience of the time **Anglo-Jewish Bibliography, 1971-1990** Ruth Pauline Goldschmidt-Lehmann,Stephen W. Massil,Peter Shmuel Salinger,1992 The fifth volume in a series published since 1988 Lists books and articles mainly in English See the index for works on antisemitism *The Oxford Handbook of British and Irish War Poetry* Tim Kendall,2007-02-22 The Handbook ranges widely and in depth across 20th century war poetry incorporating detailed discussions of some of the key poets of the period It is an essential resource for scholars of particular poets and for those

interested in wider debates Contributors include some of the most important international poetry critics of our time

Jewish Affairs,1956 *Isaac Rosenberg* Isaac Rosenberg,University of Leeds,1959 **Journey to the Trenches** Joseph Cohen,1975 The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson,I. R.

Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Portraying 'the Jew' in First**

World War Britain Alyson Pendlebury,2006 The book focuses on Britain during the First World War and the immediate post war period and examines the use of biblical imagery with regard to representations of the nation and its perceived enemies

The study is constructed around four rhetorical themes crusade conversion crucifixion and apocalypse and traces these through a wide variety of texts including public lectures sermons press articles political speeches and memoirs pre millennialist writings cartoons plays poetry and popular fiction The central argument is that in the context of rhetorically constructed Christian warfare religious language took on political significance and old allegations against Jews began to recirculate The study examines the religious political and sexual fears associated by Christians with Jews during and after the war and discusses the ways in which Anglo Jewish writers including G B Stern Gilbert Frankau and Isaac Rosenberg responded to these developments

Jewish Culture and History,2003 *Whitechapel at War* Isaac Rosenberg,2008 *Whitechapel at War* Isaac Rosenberg and his Circle is the first book for almost 20 years to focus on the visual work of poet painter Isaac Rosenberg It is also the first to explore his art in the context of his Whitechapel peers including painters David Bomberg Mark Gertler Jacob Kramer Bernard Meninsky and Clare Winsten and the writers John Rodker Joseph Leftwich and Stephen Winsten Spirit Above Wars A.
