*Animal Fashions* Audrey Murfin, Victoria Pettersen Lantz, Sibyl Bucheli, 2026-01-17 This book examines material artifacts that inhabit the intersection between fashion colonialism and biological specimen collection More broadly this book demonstrates the significance of animal fashion in the nineteenth century its relation to the Victorian imperial project and the way the female body has been used to display the exploitation of natural resources as a product of colonialism By adorning the female body with natural specimens the Victorians and nineteenth century high society showed mastery over the areas from which the animals were collected and women s bodies became simultaneously both the object possessed and the canvas for a display of colonial wealth This interdisciplinary collection crosses the humanities the arts and the sciences and is thus uniquely positioned to examine the nexus of cultural studies and scientific discourse by contextualizing fashion as representative of popular culture feminine ideals and scientific advancement

**Animalia Americana** Colleen Glenney Boggs, 2013-01-08 Consulting a diverse archive of literary texts Colleen Glenney Boggs places animal representation at the center of the making of the liberal American subject From the bestiality trials of the seventeenth century Plymouth Plantation to the emergence of sentimental pet culture in the nineteenth Boggs traces a history of human animal sexuality in America one shaped by sexualized animal bodies and affective pet relations Boggs concentrates on the formative and disruptive presence of animals in the writings of Frederick Douglass Edgar Allan Poe and Emily Dickinson Engaging with the critical theories of Michel Foucault Giorgio Agamben Judith Butler Donna Haraway and others she argues that animals are critical to the ways in which Americans enact their humanity and regulate subjects in the biopolitical state Biopower or a politics that extends its reach to life thrives on the strategic ambivalence between who is considered human and what is judged as animal It generates a space of indeterminacy where animal representations intervene to define and challenge the parameters of subjectivity The renegotiation of the species line produces a tension that is never fully regulated Therefore as both figures of radical alterity and the embodiment of biopolitics animals are simultaneously exceptional and exemplary to the biopolitical state An original contribution to animal studies American studies critical race theory and posthumanist inquiry Boggs thrillingly reinterprets a

 Alexander William Kinglake,1880     **Recording for the Blind & Dyslexic, ... Catalog of Books** ,1996     **Feminist Ecocriticism** Douglas A. Vakoch,2012-07-23 Feminist Ecocriticism examines the interplay of women and nature as seen through literary theory and criticism drawing on insights from such diverse fields as chaos theory and psychoanalysis while examining genres ranging from nineteenth century sentimental literature to contemporary science fiction The book explores the central claim of ecofeminism that there is a connection between environmental degradation and the subordination of women with the goal of identifying and fostering liberatory alternatives Feminist Ecocriticism analyzes the work of such diverse women writers as Rachel Carson Barbara Kingsolver Ursula K Le Guin and Mary Shelley By including chapters from a comparable number of women and men this book dispels the notion that ecofeminism is relevant to and used by only female scholars After uncovering the oppressive dichotomies of male female and nature culture that underlie contemporary environmental problems Feminist Ecocriticism focuses specifically on emancipatory strategies employed by ecofeminist literary critics as antidotes asking what our lives might be like as those strategies become increasingly successful in overcoming oppression Thus ecofeminism is not limited to the critique of literature but also helps identify and articulate liberatory ideals that can be actualized in the real world in the process transforming everyday life Providing an alternative to rugged individualism for example ecofeminist literature promotes a more fulfilling sense of interrelationship with both community and the land In the process of exploring literature from ecofeminist perspectives the book reveals strategies of emancipation that have already begun to give rise to more hopeful ecological narratives Feminist Ecocriticism provides a novel integration of two important strands of contemporary literary criticism that have often failed to make contact feminist criticism and ecocriticism The openness of both feminist criticism and ecocriticism to multiple even incompatible perspectives without the insistence on unitary definitions of their fields has given rise to a new hybrid discipline feminist ecocriticism     *The Publishers' Circular and Booksellers' Record* ,1930     **The Publisher** ,1909     *A Cumulated Index to the Books of ..* ,1900     **A Cumulated Index to the Books** ,1900     The United States Catalog ,1900     **Annotated Catalogue of an Unique and Exceptionally Complete Set of the Works of Thomas Taylor, the Platonist, in 62 Volumes** Orlin Mead Sanford,1885     The Cumulative Book Index ,1900 A world list of books in the English language     *The Publishers Weekly* ,1930     American Book Publishing Record ,2007     Publishers' Weekly ,1896     **The Encyclopaedia and Dictionary of Education** Foster Watson,1921     *The New Werner Twentieth Century Edition of the Encyclopaedia Britannica* ,1906     **Huxford's Old Book** Bob Huxford,Sharon Huxford,1998-04 25 000 listings of old books with current values     **The Bookseller** ,1914
