On Animals David L. Clough, 2018-12-27 This book presents an authoritative and comprehensive survey of human practice in relation to other animals together with a Christian ethical analysis building on the theological account of animals which David Clough developed in *On Animals* Volume I Systematic Theology 2012 It argues that a Christian understanding of other animals has radical implications for their treatment by humans with the human use and abuse of non human animals for food the most urgent immediate priority Following an introduction examining the task of theological ethics in relation to non human animals and the way it relates to other accounts of animal ethics this book surveys and assess the use humans make of other animals for food for clothing for labour as research subjects for sport and entertainment as pets or companions and human impacts on wild animals The result is both a state of the art account of what humans are doing to other animals and a persuasive argument that Christians in particular have strong faith based reasons to acknowledge the significance of the issues raised and change their practice in response

A Woman's Empire Katya Hokanson, 2022-10-03 A Woman's Empire explores a new dimension of Russian imperialism women actively engaged in the process of late imperial expansion The book investigates how women writers travellers and scientists who journeyed to and beyond Central Asia participated in Russia's civilizing and colonizing mission utilizing newly found educational opportunities while navigating

powerful discourses of femininity as well as male dominated science Katya Hokanson shows how these Russian women resisted domestic roles in a variety of ways The women writers include a governor general s wife a fiction writer who lived in Turkestan and a famous Theosophist among others They make clear the perspectives of the ruling class and outline the special role of women as describers and recorders of information about local women and as builders of civilized colonial Russian society with its attendant performances and social events Although the bulk of the women s writings drawings and photography is primarily noteworthy for its cultural and historical value A Woman s Empire demonstrates how the works also add dimension and detail to the story of Russian imperial expansion and illuminates how women encountered imagined and depicted Russia s imperial Other during this period *The Intimate Bond* Brian Fagan,2015-04-14 Cultuurgeschiedenis van de relatie tussen mens en dier door de eeuwen heen **The New Breed** Kate Darling,2021-04-20 For readers of *The Second Machine Age* or *The Soul of an Octopus* a bold exciting exploration of how building diverse kinds of relationships with robots inspired by how we interact with animals could be the key to making our future with robot technology work There has been a lot of ink devoted to discussions of how robots will replace us and take our jobs But MIT Media Lab researcher and technology policy expert Kate Darling argues just the opposite suggesting that treating robots with a bit of humanity more like the way we treat animals will actually serve us better From a social legal and ethical perspective she shows that our current ways of thinking don t leave room for the robot technology that is soon to become part of our everyday routines Robots are likely to supplement rather than replace our own skills and relationships So if we consider our history of incorporating animals into our work transportation military and even families we actually have a solid basis for how to contend with this future A deeply original analysis of our technological future and the ethical dilemmas that await us *The New Breed* explains how the treatment of machines can reveal a new understanding of our own history our own systems and how we relate not just to nonhumans but also to one another *Victorian Animal Dreams* Deborah Denenholz Morse,Martin A. Danahay,2007 The contributors examine various forms of human dominion over animals as manifest in fiction performance and the visual arts as well as in hunting killing vivisection and zookeeping Distinguished by its acknowledgment of how the Victorians obsession with animals continues to haunt twenty first century animal rights debates *Victorian Animal Dreams* provides valuable insight into the burgeoning field of animal studies and points toward future studies of animals in the Victorian period **Animal Protection Institute's Animal Issues** ,2005 *The New Law Reports* ,1897 Containing cases decided in Sri Lanka Ceylon by the Court of Appeal the Supreme Court and the Court of Criminal Appeal varies *Country Life* ,1922 **The Sunday at Home** ,1894 *Animals* ,1914 **Annual Report of the Bureau of Animal Industry ...** United States.
