Chadwick, Doris Schroeder, 2002 *Animal Rights, Human Wrongs* Tom Regan, 2003-11-19 What gives an animal rights What makes product testing on animals wrong In *Animal Rights Human Wrongs* prominent activist and philosopher Tom Regan skillfully puts forth the argument for animal rights through the exploration of two questions central to moral theory What makes an act right What makes an act wrong Taking into consideration moral theories such as contractarianism utilitarianism and Kantian ethics Regan provides the theoretical framework that grounds a responsible pro animal rights perspective and ultimately explores how asking moral questions about other animals can lead to a better understanding of ourselves The necessity of making a transition from moral theory to moral practice becomes startlingly clear as Regan examines the commonplace everyday choices that would be affected by believing in a moral theory that affirms the rights of animals For the many people who have ever wondered what difference does it make if animals have rights *Animal Rights Human Wrongs* provides a provocative and intriguing
