create an unstable settlement subject to the constant threat of Apache raids The fear of surprise attack by day and the theft of livestock by night prompted settlers to shape their lives around the expectation of sudden violence As the forces of progress strained natural resources conflict grew between local ranchers and cowboys hired by ranching corporations Mixed race property owners found themselves fighting white cowboys to keep their land In addition territorial law enforcement officers were outsiders to the community and approached every suspect fully armed and ready to shoot The combination of unrelenting danger its accompanying stress and an abundance of firearms proved deadly Drawing from history geography cultural studies and trauma studies Page n uses the story of Pleasant Valley to demonstrate a new way of looking at the settlement of the West Writing in a vivid narrative style and employing rigorous scholarship he creatively explores the role of trauma in shaping the lives and decisions of the settlers in Pleasant Valley and offers new insight into the difficulties of survival in an isolated frontier community
