Armageddon Again A Reply To Hal Lindsey:

Armageddon Again? Stafford North, 1991-10-01 ARMAGEDDON AGAIN asks why all fail who have predicted when the world will end The book answers they have misused Bible teachings about the end base their predictions on that misunderstanding ARMAGEDDON AGAIN presents an opposing view to such writers as Hal Lindsey to those who gather followers in seclusion to await Christ s return to those who forecast a great war to end the world ARMAGEDDON AGAIN reviews the theory of dispensational pre millennialism presents a refutation in seven chapters the fulfillment of Old Testament Prophecies about Kings Kingdoms Matthew 24 the End of the World The Last Days The Anti Christ The Rapture The Battle of Armageddon The Thousand Year Reign of Revelation 20 The book has been widely accepted as a clear rational approach to these such topics based on careful interpretation of scripture The author Dr Stafford North holds a Ph D degree from the University of Florida teaches the books of Daniel Revelation at Oklahoma Christian University He is a noted authority on the subjects covered in the book having spoken on them widely in person on radio television

Why the End of the World is Not in Your Future Gary DeMar, 2008 [The Case for Zionism](#) Thomas Ice, 2017-02-20 The modern state of Israel has been a nation for almost 70 years When she was formed and fought her early wars of existence most Bible believing Christians believed there was a real connection with what was going on in the Middle East and Bible prophecy that predicts an end time return of the Jews to their land While support for Israel remains high in most evangelical communities we are seeing the beginning of a decline especially among younger evangelicals who question whether modern Israel really relates to end time Bible prophecy The Case for Zionism attempts to bring together biblical historical and legal arguments for the legitimacy of the startup nation known as Israel as it Explains controversies such as antisemitism and Replacement Theology Details the biblical and legal rights of Modern Israel Explores the prophetic nature and future of Israel In this presentation Thomas Ice answers many of the contemporary arguments being used by both secular and religious communities to undermine what he believes is the hand of God at work in our own day

Back to the Future Ralph E. Jr. Bass, Ralph Bass, 2004-07 After embracing the theology of Dispensationalism for thirty three years doubts grew in the author s mind concerning the issues raised by eschatological questions While pastoring he avoided the subject But one day he was asked questions on prophecy that he simply could no longer answer with commitment or conviction It was time to find some real answers This book began as Sunday school lessons to provide those real answers Long after the Sunday school lessons ended the study and the writing continued Not satisfied with Sunday school answers Dr Bass wanted something definitive for his own benefit and the benefit of others This work is an effort to provide that substance that body of learning beyond the Sunday school class for those that demand more much more Feeling that much of what was out there on the subject was sorely wanting Dr Bass envisaged another work from the loyal opposition of the prevailing opinion something written from a deep conviction in the sufficiency and trustworthiness of Scripture yet something fare different from the usual offerings This book is the result of the author s
