Armenian Merchants of the Seventeenth and Early Eighteenth Centuries Margaret Makepeace, Vahe Baladouni, 1998-01-01 This is a print on demand publication Tells a fascinating story about the trade relationship between the English East India Co and the powerful Armenian merchant community of New Julfa that lasted over 100 years 17th and early 18th cent This relationship revolved around the Co s continual efforts to break into the Armenian held silk and cloth markets This trade relationship epitomizes the age of competitive partnership that existed then Addresses the question What was the key to the Armenian merchants success during the pre modern period Their fabulous success may be attributed to the rare atmosphere of trust that prevailed among the Armenian merchant community which in turn led to two significant benefits organizational cost savings and organizational innovations International Trade and the Armenian Merchants in the Seventeenth Century Vahan Baibourtian, 2004 *International Trade and the Armenian Merchants in the Seventeenth Century* V. A. Bayburdyan, 2004 This book examines the thriving trade relations of the Armenian merchants with numerous countries since the late Medieval Ages focusing on the early modern period of that era Ottoman and Dutch Merchants in the Eighteenth Century Ismail Hakk? Kad?, 2012-05-25 This study analyses the dynamics between the non Muslim merchant elites of Ankara and Izmir mostly Greeks and Armenians and their European competitors in the 18th century particularly the mohair trade in Ankara and Ottoman infiltration of the Dutch trade between Amsterdam and Izmir *Merchant Colonies in the Early Modern Period* Victor N Zakharov, Gelina Harlaftis, Olga Katsiardi-Hering, 2015-10-06 Merchant colonies were a significant factor for economic growth in Europe during the early modern period The essays in this collection look at merchant colonies across Europe assessing their function legal status interaction with local traders and assimilation into their host countries The East India Company in Persia Peter Good, 2022-01-27 In 1747 the city of Kerman in Persia burned amidst chaos destruction and death perpetrated by the city s own overlord Nader Shah After the violent overthrow of the Safavid dynasty in 1722 and subsequent foreign invasions from all sides Persia had been in constant turmoil One well appointed house that belonged to the East India Company had been saved from destruction by the ingenuity of a Company servant Danvers Graves and his knowledge of the Company s privileges in Persia This book explores the lived experience of the Company and its trade in Persia and how it interacted with power structures and the local environment in a time of great upheaval in Persian history Using East India Company records and other sources it charts the role of the Navy and commercial fleet in the Gulf trade agreements and the experience of Company staff British and non British living in and navigating conditions in 18th century Persia By examining the social commercial and diplomatic history of this relationship this book creates a new paradigm for the study of Early Modern interactions in the Indian Ocean **The Armenians** Razmik Panossian, 2006-05-27 *The Armenians* traces the evolution of Armenia and Armenian collective identity from its beginnings to the Armenian nationalist movement over Gharabagh in 1988 Applying theories of national identity formation

and nationalism Razmik Panossian analyzes different elements of Armenian identity construction and argues that national identity is modern predominantly subjective and based on a political sense of belonging Yet he also acknowledges the crucial role of history art literature religious practice and commerce in preserving the national memory and shaping the cultural identity of the Armenian people Panossian explores a series of landmark events among them Armenians first attempts at liberation the Armenian renaissance of the nineteenth century the 1915 genocide of the Ottoman Armenians and Soviet occupation He shows how these influences led to a multilocal evolution of Armenian identity in various places in and outside of Armenia notably in diasporan communities from India to Venice Today these numerous identities contribute to deep divisions and tensions within the Armenian nation the most profound of which is the cultural divide between Armenians residing in their homeland and those who live in the United States Canada the Middle East and elsewhere Considering the diversity of this single nation Panossian questions the theoretical assumption that nationalism must be homogenizing Based on extensive research conducted in Armenia and the diaspora including interviews and translation of Armenian language sources *The Armenians* is an engaging history and an invaluable comparative study
