Armoury For Alcoholics:

Armoury for Alcoholics V. Martin Lingard, 1984* **Narratives of Addiction** Kevin McCarron, 2022-01-03 Narratives of Addiction Savage Usury is the first book to argue in the face of more than a century's received wisdom that drug addiction and alcoholism are undoubtedly evidence of individual moral flaws. However, the sense of morality that underlies this book is completely severed from Christianity. Instead, it is influenced in particular by the writings of the nineteenth-century German philosophers Arthur Schopenhauer and Frederick Nietzsche, both of whom insisted that a genuine morality was actually incompatible with Christianity. The sequence of chapters moves from addictions on the streets into rehab clinics and finally into the meetings of Alcoholics Anonymous and Narcotics Anonymous. This is the first book to argue that the search for pleasure drives alcoholism and drug addiction, and not the numbing of pain. Throughout the book, I reject the claims of the medical profession as embodied by the American Medical Association that drug addiction and alcoholism are diseases, and further argue that they do not have the authority to tell hundreds of millions of Americans that addiction is not a moral failing. I also query throughout the book the claims of neuroscience, psychology, and the social sciences that addictions to alcohol and drugs are attributable to causes that their specific disciplines are best suited to understand. I argue that there is nothing complex about addiction; it is a simple behavioural disorder. The language routinely employed to discuss addiction is similarly not complex, just confused, and so it is also the rhetoric of addiction discourse, especially its use of simile, metaphor, and euphemism that this book evaluates.

The Salvation Army Year Book Theodore H. Kitching, 1986 **The British Journal of Inebriety (alcoholism and Drug Addiction)**, 1915 Contains papers read at the quarterly meetings of the society and extracts from the discussions following them, with other communications dealing with alcohol and alcoholism.

The Spectator, 1924 *Alcoholic Fermentation* Arthur Harden, 1923 **The Complete Technology Book on Alcoholic and Non-Alcoholic Beverages (Fruit Juices, Whisky, Beer, Rum and Wine)** NPCS Board of Consultants & Engineers, 2008-10-01 The alcoholic and non-alcoholic beverages are being used by human beings since centuries back. Accompanying the increase in the variety of consumption, there has been a parallel increase in the variety of alcoholic and non-alcoholic beverages offered for sale. The alcoholic drinks market is broadly classified into five classes, starting from beers, wines, hard liquors, liqueurs, and others. Similarly, the non-alcoholic drinks market is broadly classified into carbonated drinks, non-carbonated drinks, and hot beverages. These include juices, energy drinks, carbonated drinks, tea, coffee, and bottled water. The commercial success of a soft drink formulation depends upon a number of factors. A strong, well-placed advertising campaign will bring the consumer to purchase the new product, but thereafter the level of repeat sales will reflect
