United States and the Pacific Jean Heffer, 2002 This work offers a history of the Pacific as a frontier of the United States using economics politics and culture as its central areas of consideration While many studies have analyzed specific regions within the Pacific this work considers the whole of this vast ocean and its coasts as a single unit of study In broadening the scope of analysis one of the author s primary aims is to expand American understanding of the term frontier to include the Pacific and its nations It covers periods stretching from 1784 the year the first ship flying the American flag reached China to 1867 the eve of the Civil War During this period America s presence was expanding throughout the entire ocean It also covers the period from 1868 to Pearl Harbour in 1941 witnessing a simultaneous contraction of the area within which various American interests were active and a gradual integration of the frontier region Finally World War II marks the beginning of the period which concludes in 1994 during which Heffer argues the entire Pacific becomes an American lake and the former frontier begins to disappear Northern Territories and Beyond James E Goodby, Vladimir I. Ivanov, Nobuo

Shimotomai, 1995-05-30 In this edited collection diplomats academic researchers and journalists survey modern Russian Japanese relations An attempt is made to go back to the origins of the conflict in their relations to analyze their current status and to propose an agenda for the future The authors argue that the problems Moscow and Tokyo inherited from the decades of the Cold War cannot be resolved through a narrow bilateral approach and will require constructive U S participation The problem of the Northern Territories is examined in the context of the North Pacific regional security environment The authors explore the prospects for cooperative regional engagement a nuclear build down in the North Pacific and possible involvement of the UN in the resolution of the territorial dispute The dissolution of the Soviet Union raised hopes for a rapid improvement of Japanese Russian relations This is important to both global and regional stability peace and security in Northeast Asia and to Russia s transition to new relations with the West Both Russia and Japan are in the process of domestic change and have weak political leadership Yeltsin s visit to Tokyo in October 1993 was a cause for relief and for hope as the two nations discussed their common concerns However the Northern Territories remains a serious obstacle to improved relations In this book an attempt is made to go back to the origins of the conflict in Japan Russia relations to discuss their current status and to propose an agenda for the future There was a broad consensus among the diplomats academic researchers political analysts and journalists whose writings are part of this collection First the problems Moscow and Tokyo inherited from the decades of Cold War cannot be resolved through a narrow bilateral approach and will require constructive U S participation Second the interconnection between bilateral regional and global trends created a new context for Moscow Tokyo dialogue and cooperation Third the problem of the Northern Territories cannot be separated from the realities of the North Pacific regional security environment which is still under the residual influence of the Cold War The authors explore the prospects for cooperative regional engagement a nuclear build down in the North Pacific and possible involvement of the UN in the resolution of the territorial dispute Among the problems that require immediate attention the

writers focus on defense conversion and dismantlement and disposing of nuclear weapons and prospects for trilateral partnership that will serve the purpose of multilateral cooperation in the North Pacific Northeast Asian region **Harvard International Review** ,1988 The Best Books for Academic Libraries: General works, military & naval, library science ,2002 Towards 2010 David W. Beveridge,1989 **Canadian Periodical Index** ,1965 *Foreign Affairs* ,1988 *The Island Republic of Pacific Siberia* Norman James Hetland,1994 **Security and Economics in the Asia-Pacific Region** Gerrit W. Gong,Richard L. Grant,1991 **Stability, Security and Business in Asia Pacific** Shannon Selin,Asia Pacific Foundation of Canada,APEC Study Centre in Canada,1996 From the Introduction This report examines the relationship between security stability and business in Asia Pacific and the associated implications for Canadian interests in the region While APEC as an organization specifically excludes security relations from its areas of concern the assumption of peace and stability must underlie APEC s efforts to develop trade investment and technical operations The major security factors to take into consideration when doing business in Asia fall into two general categories those affecting domestic stability and those affecting regional stability In general the report sets out to be a primer on security related matters for Canadians doing business in Asia Pacific It aims to give a general sense of the regional security situation and current crises and to offer more specific ideas about on the ground implications for business arising from political security factors as opposed to strictly economic considerations
