**James Patrick McWilliams**

## **Armcor South Africa's Arms Merchant:**

**Armcor** James P. McWilliams, 1989 How the US Arms Embargo of 1977 has resulted in a powerful armaments industry in South Africa Annotation copyrighted by Book News Inc Portland OR **South Africa's Arms Merchant** James Patrick McWilliams, 1989 *The Political Economy of South Africa's Post-apartheid Transition* Benjamin Fine, 2025-05-26 South Africa's post-apartheid transition has proven disastrous. It is marked by the emergence of a black elite of enriched capitalists out of the globalisation, neoliberalisation and financialisation of the economy in general and of its Minerals, Energy and Financial Complex in particular. By contrast, inequalities, poverty and failing social provision have persisted. Recent attention has shifted to how this disastrous trajectory was initiated, some suggesting a lack of available alternative policy options at the time of transition. This is shown to be false with a full range of progressive alternatives being rejected with corresponding consequences from state capture to electoral defeat. *Twentieth-Century South Africa* Bill Freund, 2019 This unique history highlights South Africa's complex and dynamic attempt to build a developmental state, an attempt that ultimately faltered.

*South Africa's Armaments Industry* Dan Henk, 2006-06-22 In 1994, with the advent of majority rule, the new South African government faced the hopeful yet sobering task of negotiating the country's past while crafting its future. Included in this process was South Africa's armaments industry, which had been an important pillar of the **South Africa's Defence Industry**. Greg Mills, Martin Edmonds, 2001 *Landmines: Physicians for Human Rights (U.S.)*, 1993 10 The future of Landmines [From Defense to Development?](#) Sean M. DiGiovanna, Ann Markusen, 2003-09-11 This impressive book tracks the progress of twelve countries on five continents in moving resources from defense to civilian activity in the 1990s. Based on intensive field research, thanks to its truly international array of contributors, the book addresses each country with an impressive standard of scholarship. This accessible book is written in *From Defence to Development* Jacklyn Cock, Penny McKenzie, 1998 Remember the global peace dividend, the budget surpluses that were supposed to result from the raising of the Iron Curtain and the end of the arms race. As war-torn societies in the Middle East, Latin America and parts of Africa found peace and began building democratic societies, governments were supposed to use the money they once spent on the military to better meet basic human needs. But has it happened? **Arms Industry Limited** Herbert Wulf, 1993 *Arms Industry Limited* is an empirical account of the size and structure of the world arms industry, with special case studies of the United States, the former Soviet Union, Canada, countries in both Western and Central Europe, and countries in the less developed world and in the Asia Pacific region. The book describes the various strategies which arms-producing companies have adopted in order to meet the challenges and commitments of the post-cold war world. Governments are in the process of restructuring national armed forces and revising military equipment procurement plans. Military budgets are tighter in many parts of the world, affecting national arms production and arms exports. The most common company strategies are to reduce the size of the firm and lay off employees, to mothball production facilities, to transnationalize firms, and to convert firms to

non military production While there are counter pressures to a decrease in the production and export of arms in the future companies will probably have to reduce their production capacities and number of employees even further The strong international pressure on governments to regulate arms exports particularly since the 1991 Persian Gulf War is also examined by the international group of experts who have contributed the case studies in the volume **AED** ,1991 **The African Communist** ,1990 Joint Acquisitions List of Africana ,1991 **African Nemesis** Paul L. Moorcraft,1990 African Nemesis is the first book to provide a detailed analysis of all the wars in southern Africa since 1945 the conflicts against colonialism and the battles waged by the frontline states against apartheid as well as the civil war inside South Africa This provides the backcloth to a controversial study of South Africa in the 1980s Paul Moorcraft spent more than a decade investigating the turmoil in the region as a journalist university teacher author and documentary film maker The result is a comprehensive and authoritative account of military power in the region that also discusses political economic social and psychological issues where they are directly relevant to the military conflicts Then the book takes a dangerous leap into the future by describing likely scenarios until the year 2010 Moorcraft outlines a series of both optimistic and chilling options for the future publisher s advertisement *South African Pressclips* ,1992-05 About Turn Jakkie Cilliers,Markus Reichardt,1996 9 forskellige forfattere har hver ydet sit bidrag til denne bog som er den f rste til at beskrive de milit re hovedpersoner og efterspore de sikkerhedsm ssige aftaler som l bag de positive ndringer i det sydafrikanske milit r og efterretningsv sen i f rste halvdel af 1990erne Shaw Reichardt Cilliers Motumi Lodge Sass Henderson O Brien Schutte *U.S. Imprints on Sub-Saharan Africa* ,1992 **The Military and Militarism in Africa** Eboe Hutchful,Abdoulaye Bathily,1998 *Southern Africa After Apartheid* Elling Njål Tjønneland,1992 **Making Peace Pay** Nils Petter Gleditsch,2000
