Army Generals And Reconstruction Louisiana 1862 1877:

Army Generals and Reconstruction Joseph G. Dawson III, 1994-10-01 The U S Army faced extraordinary problems while policing the post Civil War South and the task may have been the most difficult in Louisiana where Reconstruction lasted longer than in any other of the former Confederate states Beginning with General Benjamin Franklin Butler who boasted that in six months New Orleans should be a Union city or a home of the alligators the Union generals who commanded Louisiana would meet with varying degrees of success in their attempts to enforce the constantly evolving Reconstruction policies of three administrations on a people who openly despised their conquerors Covering the period from the fall of New Orleans to Federal forces through the collapse of Stephen Packard s Republican government in 1877 *Army Generals and Reconstruction* is a history and a detailed analysis of the army s responsibilities accomplishments and failures in Reconstruction Louisiana The first book to fully examine and assess the army s direct influence on Louisiana politics during Reconstruction Joseph G Dawson s study shows how the decisions and attitudes of the army commanders were crucial to both the Republican and Democratic parties and how neither side could act confidently without knowing first how the generals would respond to their actions Dawson examines the army commanders efforts to ensure that blacks and Republicans could exercise their civil and political rights He reveals the difficulties commanders often faced in protecting Republicans from Democratic violence and economic retribution particularly during the 1870s when the conservative Democrats mounted an intensive and violent campaign to regain control of the state government Dawson also looks at the influence of General Philip Sheridan on Louisiana Reconstruction politics During his command in the state Sheridan was able to protect and strengthen the Republican party but his policies incurred the displeasure of President Andrew Johnson who ordered him out of Louisiana to a new assignment on the Great Plains Sheridan however retained his interest in Louisiana politics and his support of Radical Reconstruction and was later twice sent into the state on special missions by President U S Grant Still despite the efforts of Sheridan and other pro Republican officers the Democrats worked their way back into power Based on a close examination of archival sources including the personal papers of the officers who commanded the occupation forces this study by Joseph G Dawson reveals the fully complexity of the army s involvement in Louisiana politics throughout Reconstruction

a history and a detailed analysis of the army's responsibilities, accomplishments, and failures in Reconstruction Louisiana Dawson shows how the decisions and attitudes of the army commanders were crucial to both the Republican and Democratic parties and how neither side could act confidently without knowing first how the generals would respond to their actions He examines the army commanders' efforts to ensure that blacks and Republicans could exercise their civil and political rights and he looks at the influence General Philip Sheridan exerted on Louisiana Reconstruction politics both during his supervision of the state and after President Andrew Johnson reassigned him elsewhere Based on a close examination of archival sources *Army Generals and Reconstruction* reveals the full complexity of the army's involvement in this tumultuous period in Louisiana politics

The Long Ordeal Joseph G. Dawson, 1980

The Long Ordeal Joseph Green Dawson, 1978

Crucible of Reconstruction Ted Tunnell, 1992-07-01 In late April 1862 Union warships slipped past the Confederate river forts below New Orleans and blasted the Rebel fleet guarding the city Advancing overland General Benjamin F Butler occupied New Orleans on May Day and for the duration of the war the Stars and Stripes waved over the Confederacy's largest city The reconstruction of Louisiana began almost immediately In *Crucible of Reconstruction* Ted Tunnell examines the byzantine complexities of Louisiana's restoration to the Union from the capture of New Orleans to the downfall of the Radical Republicans a decade and a half later He writes with insight about wartime Reconstruction and the period of presidential Reconstruction under Andrew Johnson but his ultimate concern is with Radical Reconstruction and that uneasy coalition of Unionists, free blacks, and carpetbaggers that formed the Louisiana Republican party after Appomattox and struggled fitfully for a biracial society based on equality and justice One of the distinguishing features of *Crucible of Reconstruction* is its concern with the origins of Radicalism Tunnell finds that nearly two thirds of Louisiana Unionists were actually outsiders men who had come to Louisiana from the North or from abroad Of the remainder many had either been born in the border slave states that sided with the North in 1861 or had been deeply influenced by Northern culture The free blacks were the most radical element of the Republican party and for a brief but critical moment actually dominated the reconstruction process with a black majority in the constitutional convention of 1867-1868 they drafted a civil rights program that made Louisiana's Reconstruction constitution along with South Carolina's a model of Republican Radicalism In the end though the carpetbaggers dominated Republican Reconstruction Although few in number they controlled the immense federal bureaucracy centered in New Orleans and in a government that depended on support from Washington for its very survival they alone had influence on the Potomac For a generation historians have struggled to explain the destructive factionalism that crippled the Republican regimes in Louisiana and other Reconstruction states In a thesis of wide applicability Tunnell shows how Republican factionalism was actually rooted in a larger crisis of legitimacy Louisiana Republicans confronted enemies who challenged not merely their policies but their very right to exist enemies whose overriding goal was to expunge the Republican party from the polity Led by Governor Henry Clay Warmoth a carpetbagger

from Illinois the Republicans responded to the crisis with a twofold strategy embodied in what Tunnell calls the policy of force and the policy of peace The policy of force while it partially deterred assaults on Republican voters undermined northern support for Reconstruction The policy of peace not only failed to conciliate white Louisianians it generated the vicious factionalism that destroyed the Republican party from within The Warmoth strategies were in fact mutually contradictory they negated each other and demolished his government In his final chapter Tunnell recounts the career of Marshall Harvey Twitchell a Vermont carpetbagger who settled in north Louisiana in 1866 Twitchell s tragic story gleaned from his unpublished autobiography and government records provides a stunningly immediate reminder of the violent and unlawful conditions that existed during the final years of Reconstruction in Louisiana Tunnell s analyses of Unionism of black and white political leadership of Republican factionalism and of the brutal eradication of Republicanism in the state make this one of the most fascinating and provocative of recent books on Reconstruction Phil Sheridan and His Army Paul Andrew Hutton,2013-07-17 Paul Hutton s study of Phil Sheridan in the West is authoritative readable and an important contribution to the literature of westward expansion Although headquartered in Chicago Sheridan played a crucial role in the opening of the West His command stretched from the Missouri to the Rockies and from Mexico to Canada and all the Indian Wars of the Great Plains fell under his direction Hutton ably narrates and interprets Sheridan s western career from the perspective of the top command rather than the battlefield leader His book is good history and good reading Robert M Utley

The Reconstruction Presidents Brooks D. Simpson,1998 Brooks Simpson examines the policies of each administration in depth and evaluates them in terms of their political social and institutional contexts Simpson explains what was politically possible at a time when federal authority and presidential power were more limited than they are now He compares these four leaders handling of similar challenges such as the retention of political support and the need to build a southern base for their policies in different ways and under different circumstances and he discusses both their use of executive power and the impact of their personal beliefs on their actions *After Appomattox* Gregory P. Downs,2019-08-13 Original and revelatory David Blight author of Frederick Douglass Avery O Craven Award Finalist A Civil War Memory Civil War Monitor Best Book of the Year In April 1865 Robert E Lee wrote to Ulysses S Grant asking for peace Peace was beyond his authority to negotiate Grant replied but surrender terms he would discuss The distinction proved prophetic After Appomattox reveals that the Civil War did not end with Confederate capitulation in 1865 Instead a second phase of the war began which lasted until 1871 not the project euphemistically called Reconstruction but a state of genuine belligerence whose mission was to shape the peace Using its war powers the U S Army oversaw an ambitious occupation stationing tens of thousands of troops in outposts across the defeated South This groundbreaking history shows that the purpose of the occupation was to crush slavery in the face of fierce and violent resistance but there were limits to its effectiveness the occupying army never really managed to remake the South The United States Army has been far too neglected as a player a force in the history of Reconstruction

Downs wants his work to speak to the present and indeed it should David W Blight *The Atlantic Striking Downs* chronicles a military occupation that was indispensable to the uprooting of slavery Boston Globe Downs makes the case that the final end to slavery and the establishment of basic civil and voting rights for all Americans was born in the face of bayonets A remarkable necessary book Slate *The Life and Works of General Charles King, 1844-1933* John W. Bailey,1998 **The Presidency of Abraham Lincoln** Phillip Shaw Paludan,1994 In this study Paludan offers us Lincoln in the round a complex even contradictory personality who found greatness without seeking it and who felt deeply troubled about what he perceived as his failings as a President and person **The War Within the Union High Command** Thomas Joseph Goss,2003 As this book reveals professional generals viewed the war as a military problem requiring battlefield solutions while appointees and President Lincoln focused more emphatically on the broader political contours of the struggle The resulting friction often eroded Northern morale and damaged the North s war effort Goss challenges the traditional idea that success was measured only on the battlefield by demonstrating significant links between military success and the achievement of the Union s political objectives Examining commanders like Benjamin Butler Nathaniel Banks John McClelland John Fremont and Franz Sigel Goss shows how many filled vital functions by raising troops boosting homefront morale securing national support for the war and sometimes even achieving significant success on the battlefield *The Old Army in Texas* Thomas T. Smith,2000 A comprehensive and authoritative single source reference for the activities of the regular army in the Lone Star State in the latter half of the nineteenth century Beginning with a series of maps that sketch the evolution of fort and camp locations on the frontier Smith furnishes an overview essay and includes in the guide sections on the departmental commanders and the military organization of the state a dictionary of two hundred and thirty three posts forts and camps in Texas provides a year by year snapshot of total army strength in the state the regiments assigned and the garrisons and commanders of each major fort and camp *The African American Experience in Louisiana: From the Civil War to Jim Crow* Charles Vincent,2000 *The Publishers' Trade List Annual* ,1989 **The Speakers of the U.S. House of Representatives** Donald R. Kennon,1986 **America, History and Life** ,1988 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide **A Guide to the History of Pennsylvania** Dennis B. Downey,Francis J. Bremer,1993-11-22 From William Penn s treaty with the Indians to the suffering of troops at Valley Forge the gallantry at Gettysburg and the early development of the petroleum industry Pennsylvania has often been at center stage in the evolution of the nation Yet despite this record the historical literature on the state is not as well known as that of many other states This volume will remedy that deficiency by assessing the vast wealth of materials on the political social economic and cultural development of the Keystone State In a series of historiographical chapters each devoted to a specific chronological period the contributors present a thorough and informed analysis of the most important and significant literature thereby providing a useful
