Around Speke Through Time David Paul, 2009-03 The fascinating history of Speke illustrated through old and modern pictures River of the Gods Candice Millard, 2023-05-23 NEW YORK TIMES BESTSELLER The harrowing story of one of the great feats of exploration of all time and its complicated legacy from the New York Times bestselling author of *The River of Doubt* and *Destiny of the Republic* A BEST BOOK OF THE YEAR THE WASHINGTON POST GOODREADS A lean fast paced account of the almost absurdly dangerous quest by Richard Burton and John Speke to solve the geographic riddle of their era The New York Times Book Review For millennia the location of the Nile River's headwaters was shrouded in mystery In the 19th century there was a frenzy of interest in ancient Egypt At the same time European powers sent off waves of explorations intended to map the unknown corners of the globe and extend their colonial empires Richard Burton and John Hanning Speke were sent by the Royal Geographical Society to claim the prize for England Burton spoke twenty nine languages and was a decorated soldier He was also mercurial subtle and an iconoclastic atheist Speke was a young aristocrat and Army officer determined to make his mark passionate about hunting Burton's opposite in temperament and beliefs From the start the two men clashed They would endure tremendous hardships illness and constant setbacks Two years in deep in the African interior Burton became too sick to press on but Speke did and claimed he found the source in a great lake that he christened Lake Victoria When they returned to England Speke rushed to take credit disparaging Burton Burton disputed his claim and Speke launched another expedition to Africa to prove it The two became venomous enemies with the public siding

with the more charismatic Burton to Speke's great envy. The day before they were to publicly debate, Speke shot himself. Yet there was a third man on both expeditions, his name obscured by imperial annals, whose exploits were even more extraordinary. This was Sidi Mubarak Bombay, who was enslaved and shipped from his home village in East Africa to India. When the man who purchased him died, he made his way into the local Sultan's army and eventually traveled back to Africa, where he used his resourcefulness, linguistic prowess, and raw courage to forge a living as a guide. Without Bombay and men like him, who led, carried, and protected the expedition, neither Englishman would have come close to the headwaters of the Nile or perhaps even survived. In *River of the Gods*, Candice Millard has written another peerless story of courage and adventure set against the backdrop of the race to exploit Africa by the colonial powers.

In and Around the Isle of Purbeck Ida Woodward, 1908 *Burton and Speke's Source of the Nile Quest* Daniel Gilpin, 2008 Learn about the difficulties explorers of the late 1800s faced as they searched for the source of the world's longest river

Magical Mystery Tours Tony Bramwell, 2014-12-08 Tony Bramwell's remarkable life with The Beatles began in a post-war Liverpool suburb where he was childhood friends with John Paul and George. By the time he unexpectedly ran into George Harrison on top of a bus, Tony was well into a life story absolutely unlike any other. At Apple Records' insistence, Tony stayed with The Beatles for every step of their meteoric rise. His story has been sought for over thirty years, and here it is, detailing with an insider's shrewd eye the incomparable success and inevitable failure of the Apple empire, Brian Epstein's frolics, Ken Kesey's Merry Pranksters, Phil Spector's eccentric behaviour, as well as never-heard-before stories about Yoko Ono. *Magical Mystery Tours* reveals fresh insights that have never been published in any of the 800-plus books already on the market, including compelling details of the early recordings and songwriting, and Yoko's pursuit of John and her growing influence over The Beatles' lives. From the first number one to the last, and from scraps of song lyrics to the discovery of the famous Mr. Kite circus poster, this is a broad-ranging account of the swinging sixties and the decade's most successful rock band.

Tropical Glaciers Georg Kaser, Henry Osmaston, 2002 *Glaciers in the tropics and their environmental consequences*

Through the Dark Continent Henry Morton Stanley, 1969 *A Life of Sir Francis Galton* Nicholas W. Gillham, 2001 This vivid biography of the father of eugenics is also a superb portrait of science in the Victorian era. 10 halftones, 26 line illustrations.

Adopting the Melody of Phrase: An Emotional Symphony within **Around Speke**

In a world used by screens and the ceaseless chatter of instantaneous connection, the melodic elegance and emotional symphony created by the published word often disappear in to the background, eclipsed by the relentless noise and interruptions that permeate our lives. But, situated within the pages of **Around Speke** a stunning fictional value full of fresh thoughts, lies an immersive symphony waiting to be embraced. Constructed by an outstanding musician of language, this fascinating masterpiece conducts readers on a psychological journey, well unraveling the hidden melodies and profound impact resonating within each cautiously crafted phrase. Within the depths of this touching assessment, we shall examine the book is key harmonies, analyze its enthralling writing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
