*Amongst the medieval fighting manuals remaining to us, **Ars Gladitoria** represents not only a fine late 15th century extension of Fiore de Liberi's **Flos Duellatorum**--upon which it appears to have been based--but it may also prove to be an interesting transitional work linking Vadi's "ancient masters," with the more "Renaissance" techniques familiar from the later manuals.*

*While he might be transitional, there is more than enough medieval material to interest medieval reenactors, Western martial artists, and students of medieval history: To start, the manuscript dates from the late 15th century: It addresses not only fighting in and out of harness--probably reflecting the spectrum of combatants medieval fencing masters dealt with--but also with the philosophy of fighting of the moral strength required by the man at arms.*

*The manuscript itself, which resides at the Biblioteca Nazionale in Rome, consists of 78 leaves that illustrate the techniques included in the (very rough) text that follows. We've put this rough text up so that it's accessible, as many of the more prominent Western Martial Arts instructors--such as the redoubted Paul MacDonald--make extensive use of Vadi as a key source. The [Chivalry Bookshelf](#) now has this manuscript in production; it will be printed in hardcover with full-color facsimile reproductions of each leaf plus a much more advanced translation, together with introductory notes and translations of the captions and footnotes on interpretations.*

*While Vadi's system is not as complete as Liberi's (c. 1410), it possesses a measure of maturity and a clarity of sentiment with a beauty of its own, an elegance reflective of the proto-Renaissance Italian culture upon which it is based. For reenactors and Western martial artists, it will prove valuable both for the wonderful, exceptionally clear plates, for the techniques themselves--which I suspect will prove to be uniquely transitional--for the fascinating and complex *segno* that describes proper fighting mindset, and for the arms and armour shown in the plates.*

*The Chivalry Bookshelf is also proud to be presenting the [Liberi](#)--also in early 2002. Together with the Vadi, they represent what we know today about the fighting arts in Italy in the late 14th and 15th centuries.*
