Casting Might-Have-Beens Eila Mell,2015-01-24 Some acting careers are made by one great role and some fall into obscurity when one is declined

Would Al Pacino be the star he is today if Robert Redford had accepted the role of Michael Corleone in *The Godfather*? Imagine Tom Hanks rejecting Uma Thurman saying that she acted like someone in a high school play when she auditioned to play opposite him in *The Bonfire of the Vanities*. Picture Danny Thomas as *The Godfather* or Marilyn Monroe as Cleopatra. This reference work lists hundreds of such stories: actors who didn't get cast or who turned down certain parts. Each entry, organized alphabetically by film title, gives the character and actor cast, a list of other actors considered for that role, and the details of the casting decision. Information is drawn from extensive research and interviews. From *About Last Night* which John Belushi turned down at his brother's urging to *Zulu* in which Michael Caine was not cast because he didn't look Cockney enough, this book lets you imagine how different your favorite films could have been. Like Two Peas in a Pod Antony Mitchell-Waite, Joanne Mitchell-Waite, 2019-04-16 *Like Two Peas in a Pod* is intended as a stand-alone companion to our two volumes *Like Two Peas in a Pod*. While volume 1 concentrates on look-alikes in film and on TV and volume 2 looks at theatre and live versions of Stan and Ollie, this edition bridges the gap. In here you will find stunt doubles, music videos, advertising, quiz shows, false leads, rumours, and films that never saw the light of day. Full of interesting trivia, this is another fine edition for your Laurel and Hardy bookshelf. American National Biography, 1999 Biography Index Bea Joseph, 1990 A cumulative index to biographical material in books and magazines The Legacy of Socrates James Rachels, 2007 James Rachels's philosophical writings address key questions of contemporary life and the classic dilemmas of moral philosophy. A leading figure in the development of applied ethics, James Rachels became an influential and sometimes controversial thinker on issues concerning animal rights, euthanasia, bioethics, and moral objectivity. This final collection of James Rachels's work brings together fourteen essays that best summarize Rachels's philosophical positions. The essays also shed new light on the depth and breadth of Rachels's work and its importance for contemporary philosophy. Written in Rachels's characteristically lucid literary prose, these essays address the relationship between morality and reason, the duty to relieve both human and animal suffering, the independence of morality from religion, the rejection of relativism and egoism, and the role of ethics in a democratic society. Rachels offers an argument for vegetarianism, examines a controversial case involving a surrogate mother, and speculates on the ethics of political killing. Other essays range from Rachels's interpretation of Nietzsche's philosophy to his appreciation of movies. Rachels was a strong believer in the ability of moral philosophy to improve our lives. This collection, which brings these important works together for the first time, is a testament to both the value of moral philosophy in understanding our world and the richness of Rachels's contributions to this understanding.
