A Dublin Musical Calendar 1700-1760 Brian Boydell,1988 This work the outcome of thirty years research makes available for the first time a carefully documented record of all the main events and personalities in Dublin musical life during 1700 1760 The events are presented chronologically in a manner convenient or reference and are illuminated by lively notes and details which in conjunction with the introductory essay on the period bring to life the spirit of an age when Dublin s cultural reputation was second only to London in these islands Dust jacket

The Kingdom of Ireland, 1641-1760 Toby Barnard,2017-03-10 How did the Protestants gain a monopoly over the running of Ireland and replace the Catholics as rulers and landowners To answer this question Toby Barnard Examines the Catholics attempt to regain control over their own affairs first in the 1640s and then between 1689 and 1691 Outlines how military defeats doomed the Catholics to subjection allowing Protestants to tighten their grip over the government Studies in detail the mechanisms both national and local through which Protestant control was exercised Focusing on the provinces as well as Dublin and on the subjects as well as the rulers Barnard draws on an abundance of unfamiliar evidence to offer unparalleled insights into Irish lives during a troubled period

Fieldwork: Essays on the Cultural History of Music in Ireland Harry White,2025-06-03 An absorbing study of the development and reception of musical culture in Ireland by a pioneering and deservedly renowned author This volume is a collection of fourteen essays on the history and reception of Irish music and music in Ireland It addresses three prevailing themes the historiography of Irish music the influence of music on Irish writing and vice versa and the cultural identity and reception of Irish music both domestically and in the world at large Its principal protagonists include Thomas Moore W H Grattan Flood George Moore Edward Martyn Charles Villiers Stanford James Joyce Dora Peja evi Ina Boyle Aloys Fleischmann and Jennifer Walshe These essays also identify and interrogate key questions underpinning a general crisis of reception in relation to Irish music and particularly art music within the domain of Irish studies Fieldwork examines this crisis in the aftermath of *The Encyclopaedia of Music in Ireland* published in 2013 and a major retrospective of Irish art music *Composing the Island* curated and presented in 2016 It thereby engages closely with contemporary Irish art music and the challenges which this music has faced in the early decades of the twenty first century This well conceived and beautifully written work testifies to Harry White s central place in the shaping of the discourse surrounding the cultural history of Irish music over the last 40 years White s gift for expression and memorably poetic turns of phrase allows the complexity of ideas and range of historical and literary knowledge examined in these essays to be deftly excavated and evaluated Curiosity provocativeness imagination and literature are threaded through his exploration of how Irish history and experience have been imagined musically
