**Brendan Kennelly's Literary Works** Gerold Sedlmayr, 2005 This book provides a comprehensive overview of the work of one of Ireland's most prominent yet also critically neglected writers. By discussing his poems, novels, and plays from different angles, the author traces Kennelly's development from his neo-Romanticist beginnings to the critical and highly provocative postmodern stance in his later long poems.

**Irish Literature** Mary Ketsin, 2004 Irish literature's roots have been traced to the 7th-9th century. This is a rich and hardy literature starting with descriptions of the brave deeds of kings, saints, and other heroes. These were followed by generous veins of religious, historical, genealogical, scientific, and other works. The development of prose, poetry, and drama raced along with the times. Modern well-known Irish writers include William Yeats, James Joyce, Sean Casey, George Bernard Shaw, Oscar Wilde, John Synge, and Samuel Beckett.

*The Beauty of Convention* Marija Knežević, Aleksandra Nikčević-Batricević, 2014-06-02 This volume addresses the beauty of convention, not in an attempt to recapitulate established values, as luckily in literature and culture there are not absolute beauties that serve everyone and always, but as an aesthetic appreciation of form as a keeper of meaning and as an ethical, post-cynical metadiscourse on human dependence on symbolic interaction and generic conventions. Looking into the artificial, invented side of this concept, the book addresses such questions as: What is beauty by virtue of convention? How does convention generate beauty? How does it happen that a convention acquires a normative force? What is the nature and the logic of a situation that leads to the arbitrary conventions? How are alternative conventions made? What is inertia, and what real joy or belief ensures the stability of convention? Is there a natural correctness that enables the stability of convention? How does convention determine linguistic meanings? Can interpretation avoid convention? Without imposing one definition onto the reader, this volume presents an understanding of the stability of convention and how it generates beauty by employing numerous contemporary reading strategies and diverse cultural, ethnic, gender, psychological, and textual perspectives. Primary focus is given to various literary texts ranging from early classics to modernism and contemporary writing, though there are also discussions on other forms of human expressions such as music, dance, and sculpture. This book will contribute to the on-going discussion about the ambiguities inherent in the concept of convention and thus stimulate intellectual confrontation and circulation of ideas within the fields of literature and culture.

*Irish Writing in the Twentieth Century* David Pierce, 2000 With five Nobel Prize winners, seven Pulitzer Prize winners, and two Booker Prize-winning novelists, modern Irish writing has contributed something special and permanent to our understanding of the twentieth century. *Irish Writing in the Twentieth Century* provides a useful, comprehensive, and pleasurable introduction to modern Irish literature in a single volume. Organized chronologically by decade, this anthology provides the reader with a unique sense of the development and richness of Irish writing and of the society it reflected. It embraces all forms of writing, not only the major forms of drama, fiction, and verse, but such material as travel writing, personal memoirs, journalism, interviews, and radio plays.

to offer the reader a complete and wonderfully varied sense of Ireland's contribution to our literary heritage David Pierce has selected major literary figures as well as neglected ones and includes many writers from the Irish diaspora The range of material is enormous and ensures that work that is inaccessible or out of print is now easily available The book is a delightful compilation including many well known pieces and captivating discoveries which anyone interested in literature will long enjoy browsing and dipping into

**Poetry by Women in Ireland** Lucy Collins, 2012-06-08 This rich anthology challenges the assumption that little poetry of note was written by women in Ireland during the period 1870-1970 revealing the range of their achievement and the lasting value of their work The collection includes more than one hundred and eighty poems by fifteen women of diverse backgrounds experiences and creative aims

**Reader's Guide to Literature in English** Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo-Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study

**Dublins** Katie Donovan, Brendan Kennelly, 1996 Dublin has been called the centre of the paralysis of the Universe the second city of Empire Scandaltown Strumpet City a series of accidental encounters the largest village in Europe the shy home of Molly Malone and occasionally the capital of Ireland Although Dublin has had a history that encompasses a huge range of human experience Dublins is not a conventional historical presentation of the city's fascinating character it is more a series of pictures and a choir of voices that together form a complex portrait of the city from its venomous wit to its instinctive warm heartedness from its sick congestion to the expansive visions and statements of many of its sons and daughters Questions implied in Dublins include To what extent is Dublin still a little London Is it in some ways a post colonial parody of a genuine Irish city Is it severed from the rest of Ireland smugly unaware in its conscious and unconscious egotism condescending even when its mediocrity is obvious Or has it a character all its own This anthology has been compiled not in a spirit of judgement but in a spirit of fair mindedness In other words readers of this book will when they've read it have their own view of Dublin through the ages and the rages the poverty power opulence elegance ugliness congestion gossip disease beggary nightmares revolutions and renewals of the city Stodgy chronology is bypassed and a system of contrasts and comparisons startling affinities and shocking oppositions is used to let the pictures and voices of Dublin have their say The structure of the book reflects the relentless scintillating talk chat and gossip of the city Here are Dublin's voices of the centuries novelists poets talkers dramatists historians wanderers anecdotalists tourists short story writers and chroniclers of all kinds Dublin is a city that produces and cherishes its famous characters but the most enduring character of all is Dublin herself Every Dub is Dublin's leading authority on Dublin To avoid arguments neither of the editors of Dublins is from Dublin but both have lived in the city for most of their lives Brendan Kennelly a Kerryman is one of Ireland's best known poets and Professor of Modern Literature at Trinity College Dublin Katie Donovan poet critic and Dublin
