Duke Of Deception Memories Of My Father:

The Duke of Deception Geoffrey Wolff,1979 *Duke of Deception* Geoffrey Wolff,2011-02-16 Duke Wolff was a flawless specimen of the American clubman a product of Yale and the OSS a one time fighter pilot turned aviation engineer Duke Wolff was a failure who flunked out of a series of undistinguished schools was passed up for military service and supported himself with desperately improvised scams exploiting employers wives and finally his own son In *The Duke of Deception* Geoffrey Wolff unravels the enigma of this Gatsbyesque figure a bad man who somehow was also a very good father an inveterate liar who falsified everything but love

Our Fathers Steven L. Shepherd,2002-07-26 No one questions that men are profoundly influenced by their fathers but the shape and substance of that influence varies with each family In this the first anthology of nonfiction prose to explore this issue in depth editor Steven Shepherd has collected a diverse and invariably compelling group of narratives about sons and their fathers Fourteen excellent essays by some of our best writers says Anne Morris of the *Austin American Statesman* Among the contributors James Baldwin who reflects in his classic *Notes of a Native Son* on the father he barely knew partly because we shared in our different fashions the vice of stubborn pride The brothers Geoffrey and Tobias Wolff who write of their father from dramatically different perspectives A second generation undertaker Thomas Lynch who writes lovingly of burying his father And the acclaimed scholar of African American culture Henry Louis Gates Jr who grew up with a father who was not a race man yet their arguments were vital to the son s education

Stories of Resilience in Childhood Daniel D. Challener,2019-10-01 What helps a child overcome extraordinary obstacles Why do some children surmount many difficulties and go on to live fulfilling lives while other children who face similar difficulties end up living desperate sad lives What helps children beat the odds What builds resilience in children These are critically important questions yet for too long social scientists doctors psychologists and teachers have studied children who failed and tried to figure out what caused the failure Only relatively recently have they begun to focus on what creates success Originally published in 1997 this book is an effort to understand better what contributes to a child s success and resilience The source of information will be autobiographies of childhoods autobiographical stories written by adults remembering their difficult childhoods This is not a research study or case study rather it is an attempt to read and listen to five stories about resilient children and see what they can tell us about supporting children and building resilience

Bureau of Missing Persons Roger J. Porter,2011-05-06 A devoted reader of autobiographies and memoirs Roger J Porter has observed in recent years a surprising number of memoirs by adult children whose fathers have led secret lives Some of the fathers had second families some had secret religious lives others have been criminals liars or con men Struck by the intensely human drama of secrecy and deception played out for all to see Porter explores the phenomenon in great depth In *Bureau of Missing Persons* he examines a large number of these works eighteen in all placing them in a wide literary and cultural context and considering the ethical quandaries writers face when they reveal secrets so long and closely

held Among the books Porter treats are Paul Auster's *The Invention of Solitude* Alison Bechdel's graphic memoir *Fun Home* Essie Mae Washington Williams's *Dear Senator* on her father Strom Thurmond Bliss Broyard's *One Drop* Mary Gordon's *The Shadow Man* and Geoffrey Wolff's *The Duke of Deception* He also discusses Nathaniel Kahn's documentary film *My Architect* These narratives inevitably look inward to the writer as well as outward to the parent The autobiographical children are compelled if not consumed by a desire to know They become detectives piecing together clues to fill memory voids assembling material and archival evidence public and private documents letters photographs and iconic physical objects to track down the parent
