Inside you'll learn about Gygax and Arneson's first meeting and their work toward the 1974 release *The Founding of TSR* and its growth as a company, Arneson's acrimonious departure and subsequent challenges to TSR, Satanic Panic accusations that plagued D&D and boosted its popularity, TSR's reckless expansion and near-fatal corporate infighting, and much more. With Game Wizards Peterson restores historical particulars long obscured by competing narratives spun by the one-time partners. That record amply demonstrates how the turbulent experience of creating something as momentous as *Dungeons & Dragons* can make people remember things a bit differently from the way they actually happened.
