Durchs Wilde Kurdistan:

Durchs wilde Kurdistan Karl May, 1977 *Crucial Images in the Presentation of a Kurdish National Identity* Martin Strohmeier, 2003-03-01 This book deals with the discourse on Kurdishness and the development of the Kurdish national movement from its inception at the end of the 19th century to the late 1930s. The first part examines the efforts of aspiring Kurdish leaders mainly through newspapers to awaken their fellow Kurds to the necessity and benefits of the Kurdish cause. Part two deals with the rise of a Kurdish movement in exile mainly in Syria and analyzes various aspects of cultural nation building as mirrored in Kurdish publications. Part three focuses on the effort of a prominent Kurdish nationalist to promote Kurdishness in a little known novel written in German. The book includes an annex with translations from Ottoman and Turkish sources, illustrations, and an index. *Oriental Odyssey: Through the Desert* Karl May, 2002 Part one of Karl May's *In the Shadow of the Padishah* is a gripping first person narrative of a German traveler who encounters murder, kidnapping, and war between Arabian tribes on his journey through the Middle East.

The Church of the East Christoph Baumer, 2016-09-05 The so-called Nestorian Church, officially known as the Apostolic Assyrian Church of the East with its See in Baghdad, was one of the most significant Christian communities to develop east of the Roman Empire. In its heyday, the Church had 8 million adherents and stretched from the Mediterranean to China. Christoph Baumer is one of the very few Westerners to have visited many of the most important Assyrian sites and has written the only comprehensive history of the Church, which now fights for survival in its country of origin, Iraq, and is almost forgotten in the West. He narrates its rich and colorful trajectory from its apostolic beginnings to the present day and discusses the Church's theology, christology, and uniquely vigorous spirituality. He analyzes the Church's turbulent relationship with other Christian churches and its dialogue with neighboring world religions such as Zoroastrianism, Manichaeism, Islam, Buddhism, and Taoism. Richly illustrated with maps and over 150 full-color photographs, the book will be essential reading for those interested in a fascinating but neglected Christian community which has profoundly shaped the history of civilization in both East and West.
