**Beyond the Anarchical Society** Edward Keene, 2002-07-11 Edward Keene argues that the conventional idea of an anarchical society of equal and independent sovereign states is an inadequate description of order in modern world politics International political and legal order has always been dedicated to two distinct goals to try to promote the toleration of different ways of life while advocating the adoption of one specific way that it labels civilization The nineteenth century solution to this contradiction was to restrict the promotion of civilization to the world beyond Europe That discriminatory way of thinking has now broken down with the result that a single global order is supposed to apply to everyone but opinion is still very much divided as to what the ultimate purpose of this global order should be and how its political and legal structure should be organised

*Re-exploring the Links* Jorge Manuel Flores, 2007 The island of Ceilao occupied a permanent and singular place in the political imagination of early modern Portugal Concurrently the Portuguese left a strong imprint in the Sri Lankan collective memory of the period Five centuries later a group of historians art historians anthropologists and linguists reflect on the multiple dimensions of this phenomenon by rethinking texts and maps ruined churches and ivory caskets oral tales and Creole communities Authored by 15 international scholars *Re-exploring the Links* is divided in four parts Political Realities and Cultural Imagination Religion Conflict and Interaction Space and Heritage Construction Representation Language and Ethnicity Identity and Memory While published on the occasion of the Portuguese arrival in Sri Lanka five centuries ago this book is far from being a celebratory piece *Re-exploring the Links* does not conform to nationalist models of historical interpretation and refuses both the rhetoric of discovery and the rhetoric of aggression The aim of the volume is not to celebrate encounters but to reinvent an academic debate independent of any political agenda and concerning a history that is Portuguese and Sri Lankan alike
